**Crane Bag Book of Irish Studies: 1982-1985** Mark Patrick Hederman, Richard Kearney, 1982 **Shaw's People** Stanley Weintraub, 1996 How could Bernard Shaw have found anything to admire in Queen Victoria Or in the passionate evangelical General William Booth of the Salvation Army What possible connections could there be between Shaw the passionate socialist and the Tory Winston Churchill who seemed to represent everything Shaw should have rejected and despised In Shaw's People noted Shaw scholar Stanley Weintraub explores the relationships between Shaw and twelve of his

contemporaries including Queen Victoria Oscar Wilde H L Mencken James Joyce and Winston Churchill Weintraub chose these individuals as lenses through which to look at Shaw but also for the ways in which their lives are illuminated through their often paradoxical relationships with Shaw While Shaw never met Queen Victoria his sovereign during the first forty five years of his life the degree of her influence is apparent in Shaw s reference to himself in his ninth decade as an old Victorian Weintraub explores those in the literary world who interacted with Shaw such as H L Mencken one of Shaw s earliest American fans who turned against his hero at the peak of his transatlantic reputation and James Joyce who was loath to confess his respect for his fellow Irishman He investigates the curious mutual admiration between Shaw and W B Yeats and Shaw s championing of Oscar Wilde despite the vast difference in their lifestyles Weintraub s skillful investigation of each of these twelve relationships illuminates a different facet of Shaw from his pre dramatist years in London through the close of his long life

J. Overy,2009 British intellectual life between the wars stood at the heart of modernity The combination of a liberal uncensored society and a large educated audience for new ideas made Britain a laboratory for novel ways to understand the world The Morbid Age opens a window onto this creative but anxious era the golden age of the public intellectual and scientist Arnold Toynbee Aldous and Julian Huxley H G Wells Marie Stopes and a host of others Yet as Richard Overy argues a striking characteristic of so many of the ideas that emerged from this new age from eugenics to Freud s unconscious to modern ideas of pacifism and world government was the fear that the West was facing a possibly terminal crisis of civilization The modern era promised progress of a kind but it was overshadowed by a growing fear of decay and death an end to the civilized world and the arrival of a new Dark Age even though the country had suffered no occupation no civil war and none of the bitter ideological rivalries of inter war Europe and had an economy that survived better than most The Morbid Age explores how this strange paradox came about Ultimately Overy shows the coming of war was almost welcomed as a way to resolve the contradictions and anxieties of this

period a war in which it was believed civilization would be either saved or utterly destroyed This entertaining thought provoking and original book is a lesson in the power of ideas and language to shape popular fears in a rapidly changing world as pertinent today as it was in the years between the wars      **Subject Index of Modern Books Acquired** British Library,1971      **Canadian Books in Print** ,2003      **The Crane Bag** ,1983
