CliffsNotes on Shaw's Pygmalion & Arms and the Man Marilyn O Harper, James K Lowers, 1981-12-18 In Pygmalion Shaw presents the classical story of a professor who transforms a girl of the lower class into an elegant creature who then falls in love with him unfortunately in love that is Set in Bulgaria Arms and the Man satirizes romantic attitudes about love and war Raina the heroine falls in love with a cowardly chocolate loving enemy soldier during an unnamed war After the war her fiancé challenges her new admirer to a duel loses heart and proposes to the maid instead George Bernard Shaw's Pygmalion & Arms and the Man Marilyn O. and the former gained audiences in the very teeth of the accepted theories of war and the theatre Shaw does not know that it is unpardonable sin to have his characters make long speeches at one another apparently thinking that this embargo applies only to long speeches which consist mainly of bombast and rhetoric There never was an author who showed less predilection for a specific medium by which to accomplish his results He recognized early in his days many things awry in the world and he assumed the task of mundane reformation with a confident spirit It seems such a small job at twenty to set the times aright He began as an Essayist but who reads essays now a days he then turned novelist with no better success for no one would read such preposterous stuff as he chose to emit He only succeeded in proving that absolutely rational men and women although he has created few of the latter can be most extremely disagreeable to our conventional way of thinking

Hagestolz und Alte Jungfer Katrin Baumgarten, **Bernard Shaw, Director** Bernard F. Dukore, 2025-10-03 You see madam Bernard Shaw once wrote I am not a dreamer who doesn't understand the practical exigencies of the stage The remark was an understatement Shaw not only understood the practical aspects of play production he had a great deal of experience with them as well For thirty years following the 1894 production of *Arms and the Man* which he directed Shaw staged virtually every production of his own plays in London Directing plays he consistently maintained is as crucial a part of a playwright's profession as writing them and the author he believed is the most desirable director of his own play Originally published in 1971 this first full length treatment of Shaw as director is important for several reasons first because Shaw was one of the few major playwrights who frequently directed his own works second because he was a good director and third because he is an early example of the modern idea of the director as guiding artist in the production of a play After an initial chapter examining Shaw's background and experiences in the theatre before he began to direct plays Dukore explores various aspects of Shawian directorial theory and practice He shows that while Shaw's basic concern was with the actor he was also involved in all the minute considerations that make up a successful production including pre rehearsal planning casting cutting and changing the script though Shaw forbade other directors to cut his plays he himself did so conducting rehearsals acting scenery lighting and costuming Throughout his analysis the author makes use of previously unpublished material particularly Shaw's rehearsal notes written in the auditorium when he staged his plays and letters to actors This is a readable book essential for anyone interested in Bernard Shaw's plays **Arms and the Man** George Bernard
