Positive Living Day By Day:

Positive Living Day by Day Norman Vincent Peale, 2003 Norman Vincent Peale's *The Power of Positive Thinking* has changed countless lives with its uplifting and practical spiritual advice. Here in 366 daily readings Peale's writings will bring a positive charge to each day. The devotions address every kind of distress from physical to spiritual from financial to emotional helping the reader to turn the negative into positive. Working from a biblical basis each day's devotion encourages the reader to grab ahold of God's blessings and dive into his presence. An emphasis is placed on the practical aspects of living life positively one day at a time. Scripture accompanies each day's devotion and prayers and life lifters are sprinkled throughout.

Happiness Lies in Positive Living BALDEV BHATIA, 2016-05-17

ABOUT THE BOOK INTRODUCTION Happiness Lies in Positive Living Be Positive Think Positive Live Positive What do we think about Positivity The feeling of positivity is within us It is said that positive living is purely an internal matter It has nothing to do with our external circumstances There is something positive within us who keep us happy and there is something negative within us which keep you unhappy Happy living through positivity is nothing more than that of living a normal life free from undue pressures problems and tensions If we want to live a happy life then we need to get rid of the negativity within us which makes us unhappy Negative approach always complicates the problems and increases unhappiness Most of us do the fatal mistake of looking outwards for happiness rather than looking inwards Be positive be strong be bold and be courageous every day Even if we are having a bad day think of some good things that may come our way either later that day tomorrow next week month or year When everything seems to be beyond our control it's almost too easy for us to slip into the grasp of negativity To avoid negativity we must strive to abolish this sort of thinking through the power of thinking positively The Art of Positive Living is not a complicated kind of art difficult to learn rather a simple art of positive thinking living well eating well thinking well and feeling well What we need to do is just to tune up our mind to enjoy every moment of life and let the positive happiness follow us This is something that needs to be looked into thoroughly We need to focus on the positive aspects lives rather than on the negative setbacks We must remember that positive living is the reward of positive thinking We ought to remember only the positive thinking can bring happiness in our lives
