

# POSITIVISM IN MEXICO

LEOPOLDO ZEA

TRANSLATED BY JOSEPHINE H. SCHULTE

# Positivism In Mexico

**Shapland Hugh Swinny**

## **Positivism In Mexico:**

**Positivism in Mexico** Leopoldo Zea, 2015-01-15 Positivism not just an ivory tower philosophy was a major force in the social political and educational life of Mexico during the last half of the nineteenth century Once colonial conservatism had been conquered the French Intervention ended and Maximilian of Hapsburg executed reformers wanted to create a new national order to replace the Spanish colonial one The victorious liberals strove to achieve mental emancipation a kind of second independence which would abolish the habits and customs imposed on Mexicans by three centuries of colonialism At this singular moment in Mexican history positivism was offered as an extraordinary means and pathway to a new order The next stage was the education of the Mexican people in this liberal philosophy and their incorporation into the process of development achieved by modern nations Leopoldo Zea traces the forerunners of liberal thought and their influence during Juarez's time and shows how this ideology degenerated into an order and progress philosophy that served merely to maintain colonial forms of exploitation and at the same time to create new ones that were peculiar to the neocolonialism that the great nations of the world imposed on other peoples Zea examines the regime of Porfirio Díaz and its justification by the positivist philosophers of the period He concludes that the conflict between exploited social groups on the one hand and foreign interests and a middle class on the margin of an oligarchy on the other brought about the movement known as the Mexican Revolution *Positivism in Mexico*, 1974\* **The Impact of Positivism in Mexico, 1867-1910** Alejandro M. R.

Aziria, 1977 **Latin American Positivism** Greg Gilson, Irving Levinson, 2012-12-15 Latin American Positivism Theory and Practice examines the role of positivism in the intellectual and political life of three major nations Colombia Brazil and Mexico In doing so the authors first focus on the intellectual linkages and distinctions between Latin American positivists and their European counterparts Also they examine the impact of positivist theory on the political cultures of these nations and the more significant impact of the political and socio economic cultures of those states upon positivist thought Rather than asserting that the positivist movement was a moving force that reformatted many Latin American modalities the authors demonstrate that the dynamics of nineteenth and twentieth century Latin American societies altered positivism to a greater extent that the positivists altered these nations **A Study of the Political Aspects of Positivism in Mexico** Sam

Schulman, 1949 *The Positivist Review* Shapland Hugh Swinny, 1897 **Positivist review**, 1898 **Positivism in Latin America, 1850-1900** Ralph Lee Woodward (Jr.), 1971 **Mexico, from Independence to Revolution, 1810-1910**

William Dirk Raat, 1982-01-01 The first classroom reader devoted exclusively to nineteenth century Mexican history this volume brings together twenty six essays and primary documents treating Mexico's Age of Caudillos The readings many by Mexican politicians historians and commentators and available here in English for the first time are organized into four groups representing major eras in the early national development of Mexico Independence the age of Santa Anna La Reforma and the French Intervention and the Porfiriato The selections range from autobiography to political and economic history

from the history of ideas to philosophy and social history The interpretive essays represent both traditional and revisionist views while the primary materials comprise both political documents and contemporary personal accounts The Polarity of Mexican Thought Michael A. Weinstein,1976 Mexican thinkers in recent generations have sought a philosophy emphasizing the ends of human activity finalism as contrasted with one stressing means or techniques instrumentalism According to Professor Weinstein s interpretation an integrated perspective toward all aspects of the human condition characterizes Mexican philosophy and social thought incorporating close attention to the aesthetic dimension of human experience and the tensions of human existence The distinctive Mexican world view provides a needed supplement to the analytical approach of North American philosophy and Marxist determinism **The Course of Mexican History** Michael C. Meyer,William L. Sherman,1995 Still the leading book on Mexican history from the pre Columbian periods to the present this thoroughly updated sixth edition of The Course of Mexican History introduces a new co author Susan Deeds and features a new emphasis on social and cultural history It offers a new understanding of indigenous cultures including revised discussions of pre Columbian central Mexico and the Spanish conquest of Mexico as well as an examination of new trends in the fast changing field of Mayan studies Using recent scholarship and discoveries the authors have expanded the sections on the historical background of Spanish conquistadors and the social religious and cultural history of Mexico s colonial period with a particular emphasis on its impact on women and indigenous cultures New research on the events and social grievances which led up to the independence movement are examined as well International Philosophical Quarterly ,1975

**Historical Dictionary of Mexico** Marvin Alisky,2008 Mexico s struggle to become an independent country is chronicled in this second edition of Historical Dictionary of Mexico Marvin Alisky covers the history of Mexico from the great Indian civilizations to the controversial election of Felipe Calderon in 2006 through a detailed chronology and introduction a map a bibliography and hundreds of cross referenced dictionary entries on significant people places and events institutions and organizations and political economic social cultural and religious facets BOOK JACKET **Humanity** ,1897 A Phenomenological Comparison of Chicano and Mexican Values Enrique Reyes,1981 **Mexican Marxist, Vicente**

**Lombardo Toledano** Robert Paul Millon,1966 Vicente Lombardo Toledano is an outstanding figure in the Mexican Revolution that began in 1910 and in whose name Mexico has been governed ever since This book stresses his intellectual development and the content of his mature thought Lombardo has played a major role in Mexican politics the labor movement and intellectual life during the past four decades This book provides a better understanding of the man Originally published in 1966 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Exploitation, Inequality, and Resistance Mark A. Burkholder,Lyman L. Johnson,Monica A. Rankin,2018 In this compelling

text authors Mark A Burkholder Lyman L Johnson and Monica A Rankin tell the story of more than 500 years of Latin American history through the themes of exploitation inequality and resistance Balancing an examination of different forms of exploitation with discussions of active and passive resistance Exploitation Inequality and Resistance emphasizes these themes and analyzes the ways in which events throughout Latin America s history continue to resonate today *The Hispanic American Historical Review* James Alexander Robertson,1975 Includes Bibliographical section The Spirits of the Times Lia Theresa Schraeder,2009 **Aesthetic Consciousness in the Philosophical and Literary Texts of José Vasconcelos** Aaron Dziubinskyj,2001

## **Positivism In Mexico** Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Positivism In Mexico**," written by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve to the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
