**Augustus Caesar in Augustan England** Howard D. Weinbrot, 2015-03-08 Howard D Weinbrot challenges the view that the period 1660 1800 is correctly regarded as the Augustan age of English literature a time in which classical Augustan ideals provided a main source of inspiration Scholars have held that British writers of the Restoration and eighteenth century considered Augustus Caesar to be the model of the wise ruler who enabled political literary and moral wisdom to flourish This book shows on the contrary that classical standards though often invoked were often rejected by many informed citizens and writers of the day Anti Augustan sentiment consolidated by the 1730s when both Whig and Tory court and country viewed Augustus as the enemy of the mixed and balanced constitution that was responsible for British liberty Professor Weinbrot focuses in particular on literature and its classical backgrounds reinterpreting major works by Pope and Gibbon Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**The Brink of All We Hate** Felicity A. Nussbaum, 2021-05-11 Is it not monstrous that our Seducers should be our Accusers Will they not employ Fraud nay often Force to gain us What various Arts what Stratagems what Wiles will they use for our Destruction But that once accomplished every opprobrious Term with which our Language so plentifully abounds shall be bestowed on us even by the very Villains who have wronged us Laetitia Pilkington Memoirs 1748 In her scandalous Memoirs Laetitia Pilkington spoke out against the English satires of the Restoration and eighteenth century which employed every opprobrious term to chastise women In The Brink of All We Hate Felicity Nussbaum documents and groups those opprobrious terms in order to identify the conventions of the satires to demonstrate how those conventions create a myth to provide critical readings of poetic texts in the antifeminist tradition and to draw some conclusions about the basic nature of satire Nussbaum finds that the English tradition of antifeminist satire draws on a background that includes Hesiod Horace Ovid and Juvenal as well as the more modern French tradition of La Bruyere and Boileau and the late seventeenth century English pamphlets by Gould Fige and Ames The tradition was employed by the major figures of the golden age of satire Samuel Butler Dryden Swift Addison and Pope Examining the elements of the tradition of antifeminist satire and exploring its uses from the most routine to the most artful by the various poets Nussbaum reveals a clearer context in which many poems of the Restoration and eighteenth

century will be read anew *English Poetry of the Eighteenth Century, 1700-1789* David Fairer, 2003 In recent years the canon of eighteenth century poetry has greatly expanded to include women poets labouring class and provincial poets and many previously unheard voices This book questions some of the structures categories and labels that have given the age its reassuring shape in literary history In doing so it offers a fresh and detailed look at a wide range of material *British Romantic Verse Satire* Hans Ansgar Ostrom, 1982 **Satire and the Transformation of Genre** Leon Guilhamet, 1987 Discusses Dryden Pope and Swift **The Princeton Handbook of Poetic Terms** Roland Greene, Stephen Cushman, 2016-07-26 An essential handbook for literary studies The Princeton Handbook of Poetic Terms drawn from the latest edition of the acclaimed Princeton Encyclopedia of Poetry and Poetics provides an authoritative guide to the most important terms in the study of poetry and literature Featuring 226 fully revised and updated entries including 100 that are new to this edition the book offers clear and insightful definitions and discussions of critical concepts genres forms movements and poetic elements followed by invaluable up to date bibliographies that guide users to further reading and research Because the entries are carefully selected and adapted from the Princeton Encyclopedia the Handbook has unrivalled breadth and depth for a book of its kind in a convenient portable size Fully indexed for the first time and complete with an introduction by the editors this is an essential volume for all literature students teachers and researchers as well as other readers and writers Drawn from the latest edition of the acclaimed Princeton Encyclopedia of Poetry and Poetics Provides 226 fully updated and authoritative entries including 100 new to this edition written by an international team of leading scholars Features entries on critical concepts canon mimesis prosody syntax genres forms and movements ballad blank verse confessional poetry ode and terms apostrophe hypotaxis and parataxis meter tone Includes an introduction bibliographies cross references and a full index **Post-Augustan Satire** Thomas F. Lockwood, 1978 **Semiotik des Erzählens** Ingrid Hantsch, 1975 **Thalia**, 1979 *Wege der forschung*, 1982 *The Satiric Treatise in Eighteenth-century Germany* Peter E. Carels, 1976 In Germany during the 18th Century several prose satires were produced that resembled each other in their basic fiction they all pretended to be sober disquisitions on matters of scholarly concern The writers in each case achieved their satiric effect by perverting the various formal conventions expected of the learned author This study examines the wide range of distortive techniques employed by the satirists Liscow Rabener Riedel and Hess among others in order to define the parameters and suggest the course of development of this unique genre *The Satirical Novel as a Genre* Astrid Swift, 1978 *Satire's Persuasive Voice* Edward Alan Bloom, Lillian D. Bloom, 1979 *The Romantic Movement Bibliography, 1936-1970* Aubrey Christian Elkins, Lorne J. Forstner, 1973 **Personification and the Sublime** Steven Knapp, 1985 Eighteenth century and Romantic readers had a peculiar habit of calling personified abstractions sublime This has always seemed mysterious since the same readers so often expressed a feeling that there was something wrong with turning ideas into people or worse turning people into ideas In this wide ranging carefully argued

study Steven Knapp explains the connection between personification and the aesthetics of the sublime Personifications such as Milton's controversial figures of Sin and Death in *Paradise Lost* were seen to embody a unique combination of imaginative power and overt fictionality and these Knapp shows were exactly the conflicting requirements of the sublime in general He argues that the uneasiness readers felt toward sublime personifications was symptomatic of broader ambivalences toward archaic beliefs political and religious violence and poetic fiction as such Drawing on recent interpretations of Romanticism allegory and the sublime Knapp provides important new readings of Coleridge Wordsworth Kant and William Collins His provocative thesis sheds new light on the relationship between Romanticism and the eighteenth century *Eighteenth Century Life*, 1988 *Eighteenth Century Life* looks at all aspects of European culture during the Enlightenment It is an interdisciplinary publication and covers diverse topics from picturesque sojourns into English gardens and grottoes to studies of eighteenth century rhetorical principles and the powers of political discourse In addition it features review essays and extensive listings of new books **Teaching Eighteenth-century Poetry** Christopher Fox, 1990 Aside from the fact that the various periods of English literature were devised at a time the 19th century most hostile to 18th century poetry this poetry also has suffered on occasion from the way it is taught particularly in undergraduate survey courses This volume addresses this problem by providing a handbook on the subject not conceived as a generalized and anecdotal survey of teaching but one which approaches specific problems and specific poems **Nineteenth-century Literature Criticism** Laurie Lanzen Harris, 1981 Excerpts from criticism of the works of novelists poets playwrights short story writers and other creative writers who lived between 1800 and 1900 from the first published critical appraisals to current evaluations Treatises On Providence, On Tranquillity of Mind, On Shortness of Life, On Happy Life Lucius Annaeus Seneca, John Fletcher Hurst, Henry C.
