Seventies British Cinema Robert Shail, 2019-07-25 *Seventies British Cinema* provides a comprehensive re evaluation of British film in the 1970s The decade has long been written off in critical discussions as a doldrums period in British cinema perhaps because the industry facing near economic collapse turned to unacceptable low culture genres such as sexploitation comedies or extreme horror The contributors to this new collection argue that 1970s cinema is ripe for reappraisal giving serious critical attention to populist genre films they also consider the development of a British art cinema in the work of Derek Jarman and Peter Greenaway and the beginnings of an independent sector fostered by the BFI Production Board and producers like Don Boyd A host of highly individual directors managed to produce interesting and cinematically innovative work against the odds from Nicolas Roeg to Ken Russell to Mike Hodges As well as providing a historical and cinematic context for understanding Seventies cinema the volume also features chapters addressing Hammer horror the Carry On films Bond films of the Roger Moore period Jubilee and other films that responded to Punk rock heritage cinema and case studies of key seventies films such as *The Wicker Man* and *Straw Dogs* In all the book provides the final missing piece in the rediscovery of British cinema s complex and protean history Contributors Ruth Barton James Chapman Ian Conrich Wheeler Winston Dixon Christophe Dupin Steve Gerrard Sheldon Hall I Q Hunter James Leggott Claire Monk Paul Newland Dan North Robert Shail Justin Smith and Sarah Street

Stranger Than Paradise Jamie Sexton, 2018-04-24 A low budget breakout film that wowed critics and audiences on its initial release *Stranger Than Paradise* would prove to be a seminal film in the new American independent cinema movement and establish its director Jim Jarmusch as a hip cult auteur Taking inspiration from 1960s underground filmmaking international art cinema genre cinema and punk culture Jarmusch s film provides a bridge between midnight movie features and a new mode of quirky offbeat independent filmmaking This book probes the film s production history initial reception aesthetics and legacy in order to understand its place within the cult film canon In examining the film s cult pedigree it explores a number of threads that fed into the film including New York downtown culture of the early 1980s and Jarmusch s involvement in music as well as reflecting on how the film s status has developed alongside Jarmusch s subsequent output and reputation

The British Pop Music Film S. Glynn, 2013-05-07 The first detailed examination of the place of pop music film in British cinema Stephen Glynn explores the interpenetration of music and cinema in an economic social and aesthetic context through case studies ranging from Cliff Richard to The Rolling Stones and from The Beatles to Plan B

Ugly Differences Yetta Howard, 2018-07-02 What would it mean to turn to ugliness rather than turn away from it Indeed the idea of ugly often becomes synonymous with non white non male and non heterosexual physicality and experience That same pejorative migrates to become a label for practices within underground culture In *Ugly Differences* Yetta Howard uses underground contexts to theorize queer difference by locating ugliness at the intersection of the physical experiential and textual From that nexus Howard contends that ugliness as a mode of pejorative
