Postmodern American Sociology:

Postmodern American Sociology Jongryul Choi, 2002 Postmodernism & a Sociology...(c) , In the fifth volume in the Studies in American Sociology Series Stanford M Lyman offers commentaries on and critiques of postmodernism poststructuralism and deconstruction posing questions concerning theoretical and epistemological problems arising from what appears to be a nouvelle vague Postmodernism poststructuralism and deconstructionism are interrelated aspects of the newest theoretical development in sociology and the social sciences This new wave of thought challenges virtually all paradigms currently in use In this his fifth volume in the Studies in American Sociology Series Stanford M Lyman offers commentaries on and critiques of this new perspective posing questions concerning theoretical and epistemological problems arising from what appears to be a nouvelle vague Among the basic themes and issues explored are the allegation that modernity has defaulted on the promise of the Enlightenment the question of whether the rational basis for knowledge and action is still valid the controversy over the place of metanarratives and macrosociological outlooks and newer concerns over race gender sexual preferences the self and the Other Professor Lyman provides empirically based and historically specific analyses of the relation of the race question to the problem of otherness and to the legal construction of racial identity in American court proceedings Focusing on the issues of citizenship affecting European Middle Eastern and Asian immigrants African Americans and the special cases of the Chinese and Native Americans he relates major public problems to the modern as well as the postmodern perspectives on justice The debate over assimilation and multiculturalism the dynamics of gender specific emotions as expressed in six decades of Hollywood films and the postmodern approach to deviance are each examined He also offers proposals for a social science attuned to but critical of postmodernism and poststructuralism Such a sociology might offer a perspective that treats the drama of social relations in the routine as well as the remarkable aspects of everyday life Professor Lyman provides not only a new understanding of postmodernism but also a program of how to proceed with respect to its challenges *The Sacred Project of American Sociology* Christian Smith, 2014 The Sacred Project of American Sociology shows counter intuitively that the secular enterprise that everyday sociology appears to be pursuing is actually not what is really going on at sociology's deepest level Sociology today is in fact animated by sacred impulses driven by sacred commitments and serves a sacred project This book re asserts a vision for what sociology is most important for in contrast with its current commitments and calls sociologists back to a more honest fair and healthy vision of its purpose **Jacques Lacan and American Sociology** Duane Rousselle, 2019-05-24 In this Palgrave Pivot Duane Rousselle aims to disrupt the hold that pragmatist ideology has had over American sociology by demonstrating that the social bond has always been founded upon a fundamental and primordial bankruptcy Using the Lacanian theory of capitalist discourse Rousselle demonstrates that most of early American sociology suffered from an inadequate account of the symbolic within the mental and social lives of the individual subject The psychoanalytic aspect of the social bond remained

theoretically undeveloped in the American context Instead it is the image a product of the imaginary which takes charge over any symbolic function This intervention into pragmatic sociology seeks to recover the tradition of grand theory by bringing psychoanalytical and sociological discourse into fruitful communication with one another
