## **Postmodernism And The En Gendering Of Marcel Duchamp:**

*Postmodernism and the En-Gendering of Marcel Duchamp* Amelia Jones, 1995-08-25 A critical analysis of postmodernism in the visual arts since the 1960s this book focuses primarily on American texts that reference and construct Marcel Duchamp as the originator of postmodern art Amelia Jones contends that Duchamp through his readymades the standard terms used to describe Duchamp's works has paradoxically served in a paternal role for post 1960s American artists critics and art historians who have attempted to construct a new tradition of artistic practice that counters the masculinist ideologies of Abstract Expressionism and Greenbergian modernism Adapting feminist psychoanalytic and Derridean conceptions of interpretation as an exchange of sexual identities Jones offers highly charged readings that focus on the eroticism of Duchamp's works and on his theories of artistic production She reconstructs Duchamp as an indeterminably gendered author whose gift to postmodernism might best be viewed in terms of the potential of his readymades to destructure the contradictory notions of sexual difference and subjectivity *Queere Männlichkeiten* Nicholas Maniu, 2023-04-03 Die zeitgenössische Ikonographie queeren männlichen Begehrens ist das Produkt einer Schichtung und Sedimentierung vergangener Konzeptionen von Geschlecht und Sexualität Nicholas Maniu analysiert ebendiese wechselhafte Diskursgeschichte von tradiertem und devianter Männlichkeit sowie Homo Sexualität Ausgehend von der Gedankenfigur des Palimpsests legt er die zwischen Oppression und Emanzipation oszillierende Diskursivierung queerer Männlichkeit dar Von der Pederastie über die Sodomie bis hin zur Pathologisierung verfolgen die Geister der Vergangenheit den homosexuellen Mann bis heute und prägen unweigerlich seine Bilder **Postmodern Music, Postmodern Listening** Jonathan D. Kramer, 2016-08-11 Kramer was one of the most visionary musical thinkers of the second half of the 20th century In his *The Time of Music* he approached the idea of the many different ways that time itself is articulated musically This book has become influential among composers theorists and aestheticians Now in his almost completed text written before his untimely death in 2004 he examines the concept of postmodernism in music Kramer created a series of markers by which we can identify postmodern works He suggests that the postmodern project actually creates a radically different relationship between the composer and listener Written with wit precision and at times playfully subverting traditional tropes to make a very serious point about this difference *Postmodern Music Postmodern Listening* leads us to a strongly grounded intellectual basis for stylistic description and an intuitive sensibility of what postmodernism in music entails *Postmodern Music Postmodern Listening* is an examination of how musical postmodernism is not just a style or movement but a fundamental shift in the relationship between composer and listener The result is a multifaceted and provocative look at a critical turning point in music history one whose implications we are only just beginning to understand *Modernism - Dada - Postmodernism* Richard Sheppard, 2000 This new collection updates integrates and contextualizes Richard Sheppard's essays on the historical avant garde Sheppard examines responses of modernist writers artists and philosophers to a changed sense

of reality and human nature With its combination of previously published and new essays and its perspective on the theoretical avant garde modernism debate in the U S the volume provides the specialist and the general reader insight into European scholarly discourse on this hotly debated subject Metzler Lexikon Kunstwissenschaft Ulrich Pfisterer, 2019-11-15 Das Lexikon erl utert die zentralen Leitideen Methoden und Hilfsmittel der Kunstgeschichte bis hin zu j ngsten Forschungsans tzen In etwa 150 Stichw rtern z B Original F lschung Repr sentation Kunstndler Kunstmarkt Manierismus Ende der Kunst wird dabei auch die wissenschaftsgeschichtliche Entwicklung der Disziplin ausf hrlich dargestellt Damit steht das Werk au er Konkurrenz Die Autoren erl utern Begriffe und Theorien aus der Zeit vor der eigentlichen Begr ndung der Kunstwissenschaft im 19 Jahrhundert beginnend mit der Antike Auf diese Weise erf hrt der Leser mehr ber die historischen Voraussetzungen heutiger Diskussionen ber Kunst und erkennt zugleich die Andersartigkeit der damaligen Kunstbetrachtung Damit unterscheidet sich das unter Mitarbeit von 50 renommierten Kunsthistorikern entstandene Handbuch wesentlich von bisherigen gro enteils personen und sachkundlich orientierten Nachschlagewerken

*The Art of Art History* Donald Preziosi, 1998 What is art history Why how and where did it originate and how have its aims and methods changed over time The history of art has been written and rewritten since classical antiquity Since the foundation of the modern discipline of art history in Germany in the late eighteenth century debates about art and its histories have intensified Historians philosophers psychologists and anthropologists among others have changed our notions of what art history has been is and might be This anthology is a guide to understanding art history through a critical reading of the field s most innovative and influential texts over the past two centuries Each section focuses on a key issue aesthetics style history as an art iconography and semiology gender modernity and postmodernity deconstruction and museology More than thirty readings from writers as diverse as Winckelmann Kant Gombrich Warburg Panofsky Heidegger Lisa Tickner Meyer Schapiro Jacques Derrida Mary Kelly Michel Foucault Rosalind Krauss Louis Marin Margaret Iversen and Nestor Canclini are brought together and Donald Preziosi s introductions to each topic provide background information bibliographies and critical elucidations of the issues at stake His own concluding essay is an important and original contribution to scholarship in the field From the pre publication reviews Until now anthologies about the history of art have tended to be worthy yet inert plotting a linear evolution from the great precursors Vasari Winckelmann to the founding fathers of the modern discipline Wolfflin Riegl Panofsky to the achievements and refinements of today s scholarship The texts that Donald Preziosi has brought together provide something far more challenging the juxtapositions and alignments between individual essays point the reader towards unresolved problems ongoing debates and paths not taken or not taken yet In place of the consoling tale of intellectual progress the collection defamiliarizes the whole field and opens up a space for radical reflection on its basic procedures and assumptions Definitely the best introduction to art history currently available Professor Norman Bryson Harvard University Donald Preziosi has prepared an anthology from the Greek a collection of

flowers of art history His bouquet contains representatives from the discipline's two hundred year history arranged in standard and innovative methodological categories Within each the readings selected provide stimulating congruencies and contradictions that will inspire productive debate and contemplation But what makes this anthology more than an arresting assemblage is the author's critical stance toward what he has wrought His introduction and concluding chapter write around and under the subjects presented emphasizing the art of art history its kinship with modernity's post Enlightenment project and its collaboration with the rise of nationalism Thus the discipline's past is probed and questioned and made relevant for its present and future The whole thereby addresses without healing or concealing the disciplinary ruptures of modernism The book might also have explored further nature of art history's history within the emergent discourse of post colonialism and the globalization of culture Yet the many new perspectives it does offer help to re present the discipline for its readers students teachers and curators for other areas of humanistic inquiry which are being subject to similar critiques and for artists and the larger art community for whom history narrative and an accounting of art's past have once again become vital issues Professor Robert S Nelson Professor of Art History and Chair Committee for the History of Culture University of Chicago Rather than focusing on its Vasarian moment or on the later academic institutionalization of art history in the 19th and 20th centuries Donald Preziosi in *The Art of Art History* constructs a reading of this hegemonic and reductive practice of making the visible legible as one that is inextricably tied to the museographic paradigm of late 18th and early 19th centuries This shift he sees as equivalent in importance to the brought by the invention of perspective But the author goes further than to underline the implication of art history with the premises of modernity he makes a strong case in a vivid and inspiring prose for a tighter equation between art history and modernity an equation grounded in his insightful considerations and meteoric formulations of the epistemological setting rhetorical operations political colonialist aims and schizophrenic yet all invasive aestheticization of knowledge that in the last two centuries have fashioned what we will no longer dare to call the discipline of art history The result is a flamboyant book that offers anything but a celebratory reading of art history It does not constitute an articulation of canonical texts or an up to date menu of art historical currents methods or trends Yet it manages to avoid none of these dimensions Art history is not envisaged as the learned discourse of modernity on a specific class of objects nor is it reduced to a genealogy of outstanding artist subjects and their volatile constellations of contemporary subjects readers It becomes a practice wherein objects and subjects relate and relations often crystallize under the unrecognized aegis of the fetish this Other of art since Preziosi concisely defines art as the anti fetish fetish Far from the fantastic neutrality that is traditionally found in the format of such an historiographic endeavour Preziosi frames his selection of text and threads through them with an array of different strategic voices superimposed to stress a spatial figure he is keen to discern in order to elaborate a strong polemic position that situates art history as an enduring and well disguised fictional genre In the process the author courageously takes on the paradox that is at the core of his project to introduce students to

the coming out of art history as art one that is not necessarily meant to be our coming out of it but that certainly well establishes our motives to continue to shake its grounds and its multi storied apparatus Professor Johanne Lamoureux University of Montreal Körper, Gedächtnis, Schrift Claudia Öhlschläger, Birgit Wiens, 1997 **Postmodernity and the Death of Painting** Kurt Richard Forman, 1994 *Gender Reconstructions* Cindy L. Carlson, Robert L. Mazzola, Susan M. Bernardo, 2002 Timely and politically pertinent this collection of essays links the fields of women's studies and cultural studies examining women's desires and women as objects of desire Working in diverse disciplines and time periods the contributors address the common theme of perversion as a cultural often linguistic construct Analysing texts and images from medieval times to the twentieth century the volume affords the reader modernist and postmodernist perspectives on the connected issues of erotics pornography and perversion *Postmodernism* Maxwell Lincoln Anderson, 2003 Transcript of an online symposium on the Georgia O Keeffe Museum website Oct 1 14 2001 The Modern Postmodern Dialectic American Art and Culture 1965 2000 Intended to be a follow up to the symposium Defining American Modernism 1890 present held in Santa Fe at the opening of the Georgia O Keeffe Museum Research Center July 12 14 2001 **Performances of Masculinity in the Avant-garde and Performance Art** Tate Austin Davis, 2001 *Art in America* Frank Jewett Mather, Frederic Fairchild Sherman, 1994-07 Art & Text, 1997 **Choice**, 1994 Bibliographie internationale des recensions de la littérature savante, 1974 *Mirror Or Mask?* David Blostein, Pia Kleber, 2003 **Regel und Ausnahme** Heinz Herbert Mann, Peter Gerlach, 1995 **Mediating the Work of Richard Hamilton** Carrie Lynn Johnson, 1999 **Body Parts** Amy Lyford, 1998 **Joseph Cornell** Jodi Hauptman, Joseph Cornell, 1999 This book examines for the first time Cornell's portrait homages to these actresses Hedy Lamarr Lauren Bacall Greta Garbo and Jennifer Jones among others
