Postwar Japan 1945 To The Present:

Postwar Japan Paul John Bailey, 1996 This study examines Japan's development from a defeated nation in 1945 to an economic superpower in the 1980s Drawing on recent research it analyzes the significance and legacy of the American Occupation as well as the political social and economic fac **Postwar Japan, 1945 to the Present** Jon Livingston, Joe Moore, Felicia Oldfather, 1974 **The Japan Reader** Jon Livingston, Joe Moore, Felicia Oldfather, 1976 *The Japan Reader* Jon Livingston, Joe Moore, Felicia Oldfather, 1976 The Japan Reader Jon Livingston, Joe Moore, Felicia Oldfather, 1973

Postwar Japan as History Andrew Gordon, 1993-10-20 Japan's catapult to world economic power has inspired many studies by social scientists but few have looked at the 45 years of postwar Japan through the lens of history The contributors to this book seek to offer such a view As they examine three related themes of postwar history the authors describe an ongoing historical process marked by unexpected changes such as Japan's extraordinary economic growth and unanticipated continuities such as the endurance of conservative rule A provocative set of interpretative essays by eminent scholars this book will appeal to anyone interested in the history of twentieth century Japan and the dilemmas facing Japan today **A Cultural History of Postwar Japan** Oliviero Frattolillo, 2023-07-14 This book is a political and cultural history of the early postwar Japan aiming at exploring how the perception and cultural values of everyday life in the country changed along with the rise of the kasutori culture Such a process was closely tied with both a refusal of the samurai culture and the interwar debate on modernity and it resulted in a decadent way of life exemplified by intellectuals such as Sakaguchi Ango It depicts a short lived radical cultural and social alternative one that forced people to rethink their relationship to the kokutai modernity social roles daily practices and the production of knowledge The subjectivity and daily practices in those years were more important in shaping the cultural identities of the Japanese than the new public ideology of the nation This challenges some Euro American historical notions that the new private sphere has emerged in Japan as an effect of the country's Americanization rather than from within it This work not only looks at the immediate aftermath of WWII from the perspective of Japan but also tries to rethink Westernization in the light of its global appropriation This volume is addressed to specialists of Japanese or Asian history but it will also attract historians of the United States and readers from political and intellectual history cultural studies and historiography in general **U.S. Policy Towards Japan, 1945-1951** Catherine Rita Edwards, 1982 **The Japan Reader**, 1973 **Schriftenreihe der Vierteljahrshefte für Zeitgeschichte**, 1960 A Concise History of Japan Brett L. Walker, 2015-02-26 A comprehensive and engaging new history charting Japan's development from its origins through to the present day **Historische Zeitschrift**, 1962 **Postwar Japanese Economy** Mitsuhiko Iyoda, 2010-08-05 Since the end of World War II the Japanese economy has seen rapid changes and remarkable progress It has also experienced a bubble economy and period of prolonged stagnation The book seeks to address three major questions What kind of changes have taken place in the postwar years In what sense has there been

progress What lessons can be drawn from the experiences The book is organized as follows It begins with an overview of the postwar Japanese economy using data to highlight historical changes The four major economic issues in the postwar Japanese economy economic restoration rapid economic growth the bubble economy and current topics are addressed with particular focus on the meaning of economic growth and the bubble economy The next chapters examine the important economic issues for Japan related to a welfare oriented society including income distribution asset distribution and the relative share of income Another chapter deals with the household structure of Japan the pension issue and the importance of the effect of demographic change on income distribution The final chapter gives a brief summary examines quality of life as a lesson of this research and briefly outlines a proposal for a basic design towards achieving a high satisfaction level society This book will be of interest to economists economic historians and political scientists and would be useful as a text for any course on the Japanese economy

The Making of Japanese Settler Colonialism Sidney Xu Lu, 2019-07-25 Shows how Japanese anxiety about overpopulation was used to justify expansion blurring lines between migration and settler colonialism This title is also available as Open Access

A Cultural History of Postwar Japan 1945-1980 Shunsuke Tsurumi, 2013-10-28 First Published in 1987 Japan's surrender on 15 August 1945 was an unprecedented event in Japanese history The shift from the life of hunger to the life of saturation that took place between 1945 and 1980 has brought about a great change in life style The significance of this change will be a subject of reassessment for many years to come This book presents an outline of such a change in the domain of mass culture a sector of Japanese culture most indicative of the change after the defeat and the subsequent economic recovery

Japan in Transformation, 1952-2000 Jeff Kingston, 2001 AUTHOR copy Japan in Transformation explores the conservative inertias and progressive yearnings that characterise contemporary Japan The second half of the twentieth century was a tumultuous period that transformed the way Japanese view the world and act in it This ideological transformation was driven by and reinforced institutional changes economic development political ferment and the dynamic tension between prevailing norms and shifting realities While focusing on transformation this book is sensitive to the incremental and cumulative nature of change and how the past resonates powerfully in the present Old verities linger and influence the patterns pace and nature of ongoing changes As Japan enters the twenty first century it is in the midst of a third great transformation on a par with the Meiji Restoration 1868 and the US Occupation 1945-52 and it is not yet certain whether Japan will yet again emerge from considerable adversity with the same degree of success it enjoyed in the past The various forces that are driving the metamorphosis of modern Japan are exposing the limits of the postwar model The logic of the economic and political arrangements that have prevailed are changing with profound consequences for society There is ambivalence about the rapidity of change and the erosion of tenets many Japanese feel have been important to their identity as people cohesion as a community and success as a renovating democracy taming militarism and rejoining the community of industrialized societies but seems to have done a better job in containing and

coping with these problems This interpretive history focuses on the economic miracle how Japan s troubled past in Asia is debated among Japanese and how it influences its contemporary regional relations the changing role of women the implications of Japan s demographic time bomb the Third Transformation and the Lost Decade of the 1990s *Japan* Manfred Pohl,1986 日本の経済 miracle, 日本社会の未来. 日本社会の未来,1994 日本社会の未来,1986

Japan Since 1945 Christopher Gerteis,Timothy S. George,2012-12-20 Does Japan really matter anymore The challenges of recent Japanese history have led some pundits and scholars to publicly wonder whether Japan s significance is starting to wane The multidisciplinary essays that comprise *Japan Since 1945* demonstrate its ongoing importance and relevance Examining the historical context to the social cultural and political underpinnings of Japan s postwar development the contributors re engage earlier discourses and introduce new veins of research *Japan Since 1945* provides a much needed update to existing scholarly work on the history of contemporary Japan It moves beyond the lost decade and terrible devastation frameworks that have thus far defined too much of the discussion offering a more nuanced picture of the nation s postwar development
