Pound For Pound A Biography Of Sugar Ray Robinson:

Pound for Pound Herb Boyd, Ray Robinson, 2024-05-21 An informative account of the life of Hollywood handsome middleweight champion Sugar Ray Robinson Essence A rich history of the athlete the man the sport and a fascinating time in African American history Ebony Hailed by critics as a long overdue portrait of Sugar Ray Robinson a man who was as elusive out of the ring as he was magisterial in it *Pound for Pound* is a lively and nuanced profile of an athlete who is arguably the best boxer the sport has ever known So great were Robinson s skills he was eulogized by Woody Allen compared to Joe Louis and praised by Muhammad Ali who called him the king the master my idol But the same discipline that Robinson brought to the sport eluded him at home leading him to emotionally and physically abuse his family particularly his wife the gorgeous dancer Edna Mae whose entrepreneurial skills helped Robinson build an empire to which Harlemites were inexorably drawn Exposing Robinson s flaws as well as putting his career in the context of his life and times renowned journalist and bestselling author Herb Boyd with Ray Robinson II tells for the first time the full story of a complex man and sport altering athlete Boyd is particularly strong in placing Robinson s life in a social context and he captures the vagaries of this mercurial character Los Angeles Times

African American History Day by Day Karen Juanita Carrillo, 2012-08-22 The proof of any group s importance to history is in the detail a fact made plain by this informative book s day by day documentation of the impact of African Americans on life in the United States One of the easiest ways to grasp any aspect of history is to look at it as a continuum African American History Day by Day A Reference Guide to Events provides just such an opportunity Organized in the form of a calendar this book allows readers to see the dates of famous births deaths and events that have affected the lives of African Americans and by extension of America as a whole Each day features an entry with information about an important event that occurred on that date Background on the highlighted event is provided along with a link to at least one primary source document and references to books and websites that can provide more information While there are other calendars of African American history this one is set apart by its level of academic detail It is not only a calendar but also an easy to use reference and learning tool [Encyclopedia of African American History, 1896 to the Present](#) Paul Finkelman, 2009 Alphabetically arranged entries from A to C that explores significant events major persons organizations and political and social movements in African American history from 1896 to the twenty first century

racists have laid down as a guide or prescribed Therefore black men and women learn quickly to hate themselves and each other more than their white oppressor There is almost infinite evidence that racism has left almost irreparable scars on the psyche of Afro Americans that burden with an unrelenting painful anxiety that drives the psyche to reach out for a sense of identity and self esteem Poussaint and others say that black children especially learn to hate themselves at very early ages Studies reveal their preference for white dolls over black ones One study reported that black children in their drawings tend to show blacks as small incomplete people and whites as strong and powerful To conclude in western color symbolism white is positive and black negative Many people might ask why the contributions of Africa should be included in American curriculum Is because they bleach and still rob black history and culture with black pictured as white that lie leaves us mentally dead angry and without purpose of where we are going Human culture is the product of all humanity not the possession of a single racial or ethnic group Afro centric Multicultural educations major aim is to close the gap between Western ideals of equality justice and practices that contradict these ideas Stereotype people of color and people who are poor have just about no opportunities to become free of perspectives that are monoculture that devalue African culture victimize them mostly having an inability to fully function effectively in society Many of these problems could be miraculously remedied with astonishing results if explained of black scientific achievements which occurred in black Africa There are also white African Americans living in the U S A besides black African Americans should make the distinction Carl Sandburg 1979 related a dialogue between a white American and an American Indian which illustrates the need for multicultural education The white man drew a small circle in the sand and told the red man This is what the Indian knows and drawing a big circle around the small one this is what is what the white man knows The Indian then took the stick and swept an immensely big ring around both circles and said this is where the white man and the red man knows nothing
