Povsednevnaia Zhizn Peterburga Na Rubezhe Xixxx Vekov:

Petersburg Fin de Siècle Mark D. Steinberg, 2011-11-29 The final decade of the old order in imperial Russia was a time of both crisis and possibility an uncertain time that inspired an often desperate search for meaning This book explores how journalists and other writers in St Petersburg described and interpreted the troubled years between the Russian revolutions of 1905 and 1917 Mark Steinberg distinguished historian of Russia in the late nineteenth and early twentieth centuries examines the work of writers of all kinds from anonymous journalists to well known public intellectuals from secular liberals to religious conservatives Though diverse in their perspectives these urban writers were remarkably consistent in the worries they expressed They grappled with the impact of technological and material progress on the one hand and with an ever deepening anxiety and pessimism on the other Steinberg reveals a new darker perspective on the history of St Petersburg on the eve of revolution and presents a fresh view of Russia s experience of modernity Revolutionary Philanthropy Stuart Finkel, 2024-06-27 In late nineteenth century Russia a series of organizations emerged from the nascent radical liberationist movement for the purposes of providing aid to political prisoners and exiles Those leading these endeavors framed them as a philanthropic exercise that was paradoxically always also political provocatively appropriating the name and humanitarian mission of the Red Cross for their illicit attempts to assist the enemies of the Tsarist state These efforts provided a unifying thread to the fractious and fragmented revolutionary movement over years and even decades The unjustly persecuted political prisoner or exile came to serve as a powerful synecdoche for the tyranny of the autocratic state while assisting these suffering martyrs came to be legible as an indisputably noble act across political and even national boundaries Revolutionary Philanthropy the first book in any language to provide a comprehensive portrait of the origins of these organizations posits that the groupings that undertook aid to political prisoners and exiles emerged through gradually accrued shared practices within a series of constantly evolving overlapping domestic and international personal and political networks In bringing together two seemingly incompatible modes of social action radical politics and philanthropy these red cross activities came to form a vital connective tissue across party and ideological lines Moreover they connected the still small and isolated groupings of committed revolutionaries to a significantly wider circle of sympathizers both at home and abroad Within Russia this linked radicals to a significantly broader circle of liberals and politically uncommitted supporters while revolutionary migr s presented the Western public with a captivating narrative of heroic martyrs unjustly suffering for the cause While the strain of conflicting imperatives threatened on multiple occasions to unravel the entire affair in the end this very tension proved instrumental in making them durable Drawing on a wide range of archival sources in multiple languages some of which have not been consulted before
