Palimpsests of the Real in Recent French Poetry Glenn W. Fetzer, 2021-08-30 The richness and diversity of poetic voices in France since the mid twentieth century sharpen the challenge of charting the poetic landscape in ways that are accessible and cohesive Since poetry in France has long demonstrated a predisposition to philosophical questions *Palimpsests of the Real in Recent French Poetry* reads the work of six poets through the lens of the Pre Socratics The poets discussed range from the well known Jacques Dupin Andr du Bouchet Eug ne Guillevic to the lesser celebrated Jean Louis Chr tien C line Zins and Emmanuel Hocquard What binds these six together is an interest in the real and a fascination with the ways of sensing one s world of experiencing time unity memory and change For each poet the aesthetic character of the work takes precedence and its presentation is informed by the philosophical groundwork laid by ancient thinkers Written not only for specialists but also for students and all readers with a general interest in literature and poetry this book provides introductory material to each poet considered as well as offers critical readings that never stray far from the poetic texts

Aristotelians and Platonists Luigi Morelli, 2015-11-25 At the heart of this book is Rudolf Steiners culmination in the twentieth century or the convergence of the working of Aristotelians and Platonists for the renewal of culture And questions

arise Where is the whole of the School of Michael at present How can we characterize and honor one and the other stream and avoid stereotypes and misunderstandings This work approaches the matter in its historical unfolding in three successive steps in which Steiner Aristotles and Plato Schrrers incarnations form a thread The first tableau opens up in the previous Age of Michael in Greece when Plato and Aristotle inaugurated the work of the two Michaelic streams The second addresses the Middle Ages and centers around the contrast between Alain de Lille and Thomas Aquinas between the School of Chartres and Scholasticism Steiners and Schrrers life tasks in the nineteenth century form the prelude to the present The heart of the book and its longest section looks at the present It contrasts the working of Aristotelians and Platonists in the natural sciences in psychology and in the social sciences From the ground of extensive observation and characterization it then turns to pressing questions What can Platonists learn from Aristotelians And how about the reverse Starting from the example of individuals meeting across the streams how can we extend this understanding so that it becomes an ongoing practice and a cultural concern How can Michaelic individuals and institutions work in ways that honor the whole of the Michaelic movement

Journal of the Royal Society of Western Australia Royal Society of Western Australia,2009 **The Catholic Periodical and Literature Index** ,2002 The Art of Spiritual Midwifery Stephen Faller,2015-09-24 What comes after reflective listening What comes after the ministry of presence Spiritual midwifery is a powerful framework for offering pastoral care in today s fast paced environment Midwifery offers ways of thinking about those who are served the work itself and what it means to be a clinical caregiver within the tradition of the care of souls Spiritual midwifery has philosophical and spiritual roots that stem from the earliest seeds of Western thought even back to Jesus and Socrates Readers will find an inductive approach toward a conceptual model that offers insight for richer assessments and outcome oriented goals of care Part One sets out the metaphors of the midwife and the dialogue Part Two unpacks the methodology behindthe mechanics Part Three looks at creative applications of midwifery and is followed by a Symposium patterned after Plato s own Symposium A rigorous theory remains at the centre of the work but the tone is poetically balanced enough to invite the transformation of the spiritual caregiver From the philosophy of Heraclitus to the theology of Kierkegaard and the spiritual direction of Guenther The Art of Spiritual Midwifery brings forth a comprehensive conception of pastoral care and its delivery

Geldard, 2000 Fragments of Heraclitus To be wise is one thing to know the thought that directs all things through all things We should not act like the children of our parents This bright deep meditative jewel like study brings Heraclitus to life in a new way and shows him to be one of the principal sources of Western mystical thinking From Geldard s point of view the study of Heraclitus is not just an academic matter but on the contrary presents us with very real existential and phenomenological challenges The book includes new translations of all the essential fragments Geldard through his exploration of Heraclitus shows us The more that human beings openly and humbly seek higher knowledge the more they develop the power to perceive it until finally they penetrate to the hidden universal order The result of this penetration is knowledge of the Logos that which directs all things through all things The acquisition of this knowledge is not an event it is a stance in the world It is Being in its fullness Selected Offprints and Miscellaneous Essays on Pre-Socratic Philosophers, 1964 **A Synoptic Approach to the Riddle of Existence** Arthur W.
