The Speaking Trinity and His Worded World Pierce Taylor Hibbs, 2018-11-13 The Trinity is a speaking God three divine persons who share the same essence and commune with each other in love and glory How does this truth shape the way we view the world and our place in it The Speaking Trinity and His Worded World explores these questions by presenting all of life through the lens of language Understood as communion behavior language has its roots in God himself What's more God has used language not only to create our world but to sustain and direct it Because of this biblical fact we live in a place that always and everywhere reveals the trinitarian God whose speech upholds it All things speak of God by revealing aspects of his character Romans 1 We live in a worded world a world that was spoken and speaks of God Thus language is far more than a means of human communication it is at the center of who God is who we are and what our world is like Join the author as he walks through redemptive history and points out not only how all things can be perceived through the lens of language but what this means for us practically in our use of language The Bible in the Light of Our Redemption E.
