

Shakespeare's Language & His Times

An Introduction

Shakespeares Language An Introduction

Peter Holland

Shakespeare's Language An Introduction:

Shakespeare's Language Norman Francis Blake, 1983 An introduction to the various aspects of the language of Shakespeare and his contemporaries Provides an accessible guide to the linguistic environment of Shakespeare his use of vocabulary grammar and sentence construction *Shakespeare's Language* N. F. Blake, 1984-09-01 **Think on my Words** David Crystal, 2012-03-29 For decades people have been studying Shakespeare's life and times and in recent years there has been a renewed surge of interest in aspects of his language So how can we better understand Shakespeare David Crystal provides a lively and original introduction to Shakespeare's language making his plays easily accessible to modern day audiences Covering the five main dimensions of language structure writing system pronunciation grammar vocabulary and conversational style this book demonstrates how examining these linguistic nuts and bolts can help us achieve a greater appreciation of Shakespeare's linguistic creativity **Shakespeare: The Basics** Sean McEvoy, 2024-10-31 Shakespeare The Basics is a lively and accessible introduction to reading and studying Shakespeare Exploring all aspects of Shakespeare's plays Sean McEvoy considers the language cultural contexts and modern interpretations This essential guide to a range of contemporary Shakespearean criticism explores and unpacks the different dramatic genres in which he wrote comedy history tragedy and romance It also provides a wealth of relevant and concise information on the historical social and political contexts in which the plays were produced and have been understood Extensively updated throughout the fourth edition provides A comprehensive account of Shakespearean tragedy for students An introduction to ecocritical ethical and queer readings of the plays Analysis of notable recent Shakespeare films and productions Enhanced contextual material on race and empire gender roles and the theatre in politics With fully updated further reading throughout and a wide range of case studies and examples Shakespeare The Basics is an indispensable introduction for college and university students of literature and theatre but also for anyone with an interest in the world's most influential dramatist [The Cambridge Introduction to Shakespeare](#) Emma Smith, 2007-03-08 This lively and innovative introduction to Shakespeare promotes active engagement with the plays rather than recycling factual information Covering a range of texts it is divided into seven subject based chapters Character Performance Texts Language Structure Sources and History and it does not assume any prior knowledge Instead it develops ways of thinking and provides the reader with resources for independent research through the Where next sections at the end of each chapter The book draws on scholarship without being overwhelmed by it and unlike other introductory guides to Shakespeare it emphasizes that there is space for new and fresh thinking by students and readers even on the most studied and familiar plays **Yours that Read Him** Hilda M. Hulme, 1972 *Shakespeare's Language*, 1970 *Beginning Shakespeare* 4-11 Joe Winston, Miles Tandy, 2012-06-25 This book is clear approachable and true The elegant simplicity of its good guidance is the product of years of practical experience in the classroom I wholeheartedly commend it to primary school teachers everywhere Michael Boyd Artistic Director of the Royal Shakespeare

Company Shakespeare's plays are widely regarded as the greatest inheritance in English literature and recent years have seen a growing interest in introducing them to children in their primary schools. In this book the authors bring a blend of clear thinking, playful and inventive practice and straightforward practical advice to bear on teaching Shakespeare in the primary school. Children who encounter Shakespeare early have the opportunity to become comfortable with the plays, their stories, characters and settings long before they might become intimidated by their associations with exclusivity and high culture. They are also given the chance to become familiar with and absorb his powerful and complex language at a stage when they are constantly encountering new vocabulary. To do this most effectively demands a dynamic pedagogy, one which recognises that the plays are best explored and understood through active physical engagement. *Beginning Shakespeare* 4 11 offers a sound rationale for teaching Shakespeare in primary schools and shows how to engage children with Shakespeare through story, through the very best of early years practice and through his rich and sensual language. It also illustrates how engagement with the plays and their language can have a dramatic impact on children's writing. And because plays are for performing, there is helpful and practical advice on how to develop the work and share it with the whole school, parents and the wider community. This accessible and comprehensive guide is ideal for teacher trainees and practising primary teachers everywhere.

Shakespeare Survey: Volume 53, Shakespeare and Narrative Peter Holland, 2000-11-02. The theme for Shakespeare Survey 53 is Shakespeare and Narrative.

The Greenwood Companion to Shakespeare: Overviews and the history plays Joseph Rosenblum, 2005. This volume begins with essays on a number of broad topics related to Shakespeare and his world, including his era, his text, the theater, his life and his language.

Shakespeare's Language Keith Johnson, 2019-01-10. In *Shakespeare's Language*, Keith Johnson offers an overview of the rich and dynamic history of the reception and study of Shakespeare's language from his death right up to the present. Tracing a chronological history of Shakespeare's language, Keith Johnson also picks up on classic and contemporary themes such as lexical and digital studies, original pronunciation, rhetoric, grammar. The historical approach provides a comprehensive overview, plotting the attitudes towards Shakespeare's language as well as a history of its study. This approach reveals how different cultural and literary trends have moulded these attitudes and reflects changing linguistic climates. The book also includes a chapter that looks to the future. *Shakespeare's Language* is therefore not only an essential guide to the language of Shakespeare but it offers crucial insights to broader approaches to language as a whole.
