Shakespeare and Child's Play Carol Chillington Rutter, 2007-11-13 Shakespeare wrote more than fifty parts for children amounting to the first comprehensive portrait of childhood in the English theatre. Focusing mostly on boys, he put sons against fathers, servants against masters, innocence against experience, testing the notion of masculinity, manners, morals, and the limits of patriarchal power. He explored the nature of relationships and ideas about parenting in terms of nature and nurture, permissiveness and discipline, innocence and evil. He wrote about education, adolescent rebellion, delinquency, fostering, and child killing, as well as the idea of the redemptive child who cures diseased adult imaginations. Childhood, the essential nature of being a child, remains a vital critical issue for us today. In *Shakespeare and Child's Play*, Carol Rutter shows how recent performances on stage and film have used the range of Shakespeare's insights in order to re-examine and re-think these issues in terms of today's society and culture.

The Child in Shakespeare Charlotte Scott, 2018-09-05 This book examines the child on Shakespeare's stage. As a life force, an impassioned plea for justice, a legacy, history, memory, or image of love or violence, children are everywhere in Shakespeare's plays. Focusing on Shakespeare's unique interest in the young body, the life stage, and the parental and social dynamic, this book offers the first sustained account of the role and representation of the child in Shakespeare's dramatic imagination. Drawing on a vast range of contemporary texts, including parenting manuals and household and pedagogic texts, as well as books on nursing and maternity, child birth, and child rearing, *The Child in Shakespeare* explores the contexts in which the idea of the child is mobilised as a body and image on the early modern stage. Understanding the child not only as a specific life stage but also as a role and an abstraction of feeling, this book examines why Shakespeare, who showed little interest in writing for children, in the playing companies wrote so powerfully about them on his stage.
