## **Shakespeare's Problem Plays:**

*The Moral Universe of Shakespeare's Problem Plays* Vivian Thomas, 2021-03-30 What is it that makes Shakespeare's problem plays problematic? Many critics have sought for the underlying vision or message of these puzzling and disturbing dramas. Originally published in 1987, the key to Viv Thomas's new synthesis of the plays is the idea of fracture and dissolution in the universe. From the collapse of degree in *Troilus and Cressida* to the corruption at the heart of innocence in *Measure for Measure* to the puzzling status of virtue and valour in *All's Well that Ends Well*, the most obvious feature of these plays is their capacity to prompt new questions. In a detailed discussion of each play in turn, the author traces the dominant themes that both distinguish and unite them and provides numerous insights into the sources, background, texture and morality of the plays.

*Aspects of Shakespeare's 'Problem Plays'* Kenneth Muir, Stanley Wells, 1982-02-18 These articles reprinted from various volumes of *Shakespeare Survey* concern three plays which have gradually become appreciated by critics and in the theatre. Since the early years of this century they have been seen as an interrelated group with a peculiarly twentieth-century appeal. *Measure for Measure* concerned as it is with adolescents' first encounters with sex, love and death, has a special appeal for young people. *Troilus and Cressida*, set in the Trojan War, has been found deeply relevant to our own war-troubled times, and *All's Well that Ends Well*, sharing these preoccupations, is a necessary companion piece. John Barton, who has directed all three plays, is interviewed in one of the articles which together illustrate the often heated controversy about the plays. Reviews and photographs of post-war productions at Stratford are also included. The book as a whole is designed as a stimulating introduction to these plays and to conflicting interpretations of them.

*Shakespeare's Problem Plays* William Shakespeare, 2013-07-18 A collection containing *All's Well that Ends Well*, *Measure for Measure* and *The History of Troilus and Cressida*.

*The Problem Plays of Shakespeare* Ernest Schanzer, 2005 The opening chapter traces the history of the term 'problem plays' as applied to Shakespeare and defines it more clearly and precisely than has been done in the past. *Julius Caesar*, *Measure for Measure*, *Antony and Cleopatra* are then discussed in separate chapters, not only as problem plays but from various points of view, such as themes, structural pattern, character problems, the play's relation to its sources as well as to other plays in the canon. All are touched upon.

*Shakespeare's Problem Plays* Simon Barker, 2005-04-25 This New Casebook offers a wide-ranging selection of contemporary critical readings of Shakespeare's three problem plays: *All's Well that Ends Well*, *Measure for Measure* and *Troilus and Cressida*. Together they reflect the diversity of late twentieth-century theory and the controversy that continues to be generated by the plays and discuss a variety of key issues. These include the meaning of the term 'problem play', the historical context and political and cultural significance of the plays as well as issues of staging and theatre history. The volume also provides a helpful introduction which guides the reader through the critical approaches, terms and debates as well as explanatory notes for each essay and a useful section on further reading.

*Shakespeare's Problem Plays* Eustace Mandeville Tillyard, Eustace Mandeville Wetenhall Tillyard, 1950 *Shakespeare's*

*Problem Plays* Eustace Mandeville Wetenhall Tillyard, 1985 Hamlet Troilus and Cressida All's Well that Ends Well Measure for Measure  
Shakespeare's *Problem Plays*, 1965 Shakespeare's *Problem Plays* Simon Barker, 2005-04-25 This New Casebook offers a wide ranging selection of contemporary critical readings of Shakespeare's three problem plays All's Well that Ends Well Measure for Measure and Troilus and Cressida Together they reflect the diversity of late twentieth century theory and the controversy that continues to be generated by the plays and discuss a variety of key issues These include the meaning of the term problem play the historical context and political and cultural significance of the plays as well as issues of staging and theatre history The volume also provides a helpful introduction which guides the reader through the critical approaches terms and debates as well as explanatory notes for each essay and a useful section on further reading

William Shakespeare Richard Hillman, 1993 Critical discussion of three Shakespeare plays Troilus and Cressida All's Well that Ends Well and Measure for Measure that defy attempts to classify them as either comedy romance tragedy or satire

*The Problem Plays of Shakespeare* Ernest Schanzer, 2013-11-05 The opening chapter traces the history of the term problem plays as applied to Shakespeare and defines it more clearly and precisely than has been done in the past Julius Caesar Measure for Measure Antony and Cleopatra are then discussed in separate chapters not only as problem plays but from various points of view such matters as themes structural pattern character problems the play's relation to its sources as well as to other plays in the canon are all touched upon **Shakespeare: Three Problem Plays** Nicholas

Marsh, 2017-04-11 Written in 1602-4 between Hamlet and the other great tragedies Shakespeare's three Problem Plays are so called because they do not fit easily into the other groups of plays They are awkward dramas full of unresolved controversies which leave audiences and readers unsettled by contradictory responses Nicholas Marsh uses close analysis of extracts from the plays to explore how Shakespeare maintains competing discourses within a single text In the first part of his study Marsh highlights the multiple interpretations these plays provoke and provides useful sections on methods of analysis to encourage readers to develop their views independently The second part of the book discusses the Problem Plays in relation to the playwright's other works and examines their cultural and historical contexts A comparison of five modern critical views and helpful suggestions for further reading provide a bridge to continuing study In this essential guide to a complex set of plays Marsh does not seek to reconcile the thorny issues these dramas leave open rather he equips the reader with the necessary critical tools to fashion their own synthesis Shakespeare's *Problem Plays* William B. Toole, 1966

**Aspects of Shakespeare's "problem Plays"** Kenneth Muir, Stanley Wells, 1982 *Shakespeare and the Mannerist Tradition* Jean-Pierre Maquerlot, 1995 This 1996 book offers an original approach to Shakespeare's so called problem plays by contending that they can be viewed as experiments in the Mannerist style The plays reappraised here are Julius Caesar Hamlet Troilus and Cressida All's Well That Ends Well and Measure for Measure How can a term used to define a movement in art history be made relevant to theatrical analysis Maquerlot shows how famous painters of sixteenth century Italy

cultivated structural ambiguity or dissonance in reaction to the classical canons of the High Renaissance Close readings of Shakespeare's plays from the period 1599 to 1604 reveal intriguing analogies with Mannerist art and the dramatist's response to Elizabethan formalism Maquerlot concludes by examining Othello which marks the end of Shakespeare's Mannerist experiments and the less equivocal use of artifice in his late romances

**Shakespeare's Pluralistic Concepts of Character** Imtiaz H. Habib, 1993 The presentation of a complex character such as Shylock bears resemblance to the technique of anamorphic portraiture and trick perspective in the sense that seen one way he appears a villain but seen another way he appears a persecuted victim The clashing and merging of opposed frames of ideological reference that cannot be held apart or resolved and that remain in a kind of uneasy balance may be a technique of comic characterization that exploits relativism and ambiguity in the presentation of human personality and self on stage A similar technique can be seen at work in the Histories in the characters of Richard and Bolingbroke who as has long been noted compete contrarily for the audience's ideological sympathies over the course of the play

*Shakespeare's Problem Plays* Eustace Mandeville Wetenhall Tillyard, 1950 Discusses Hamlet Troilus and Cressida All's well that ends well Measure for measure

**Aspects of Shakespeare's "problem Plays"** Kenneth Muir, Stanley Wells, 1982

**Shakespeare Survey: Volume 25, Shakespeare's Problem Plays** Allardyce Nicoll, 1972 An annual survey of Shakespearian study and production

**Shakespeare's Irrational Endings** D. Margolies, 2012-07-24 Problem Plays has been an awkward category for those Shakespeare plays that don't fit the conventional groupings Expanding from the traditional three plays to six the book argues that they share dramatic structures designed intentionally by Shakespeare to disturb his audience by frustrating their expectations

## Decoding **Shakespeares Problem Plays**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Shakespeares Problem Plays**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
