Shakespeare's Desdemona A Study Of Race Differences:

Shakespeare's Desdemona, a Study of Race Differences George William Gerwig, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. The Arden Research Handbook of Shakespeare and Adaptation Diana E. Henderson, Stephen

O'Neill, 2022-03-24 The Arden Research Handbook of Shakespeare and Adaptation explores the dynamics of adapted Shakespeare across a range of literary genres and new media forms. This comprehensive reference and research resource maps the field of Shakespeare adaptation studies, identifying theories of adaptation, their application in practice, and the methodologies that underpin them. It investigates current research and points towards future lines of enquiry for students, researchers, and creative practitioners of Shakespeare adaptation. The opening section on research methods and problems considers definitions and theories of Shakespeare adaptation and emphasises how Shakespeare is both adaptor and adapted. A central section develops these theoretical concerns through a series of case studies that move across a range of genres, media forms, and cultures to ask not only how Shakespeare is variously transfigured, hybridised, and valorised through adaptational play, but also how adaptations produce interpretive communities and, within these, potentially new literacies, modes of engagement, and sensory pleasures. The volume's third section provides the reader with uniquely detailed insights into creative adaptation, with writers and practice-based researchers reflecting on their close collaborations with Shakespeare's works as an aesthetic, ethical, and political encounter. The Handbook further establishes the conceptual parameters of the field through detailed practical resources that will aid the specialist and non-specialist reader alike, including a guide to research resources and an annotated bibliography. Shakespeare's Desdemona George William

Gerwig, 1929 **The Oxford Handbook of Shakespeare and Race** Patricia Akhimie, 2024 Presents current scholarship on race and racism in Shakespeare's works. The Handbook offers an overview of approaches used in early modern critical race studies through fresh readings of the plays, an exploration of new methodologies and archives, and sustained engagement with race in contemporary performance, adaptation, and activism. **A New Variorum Edition of Shakespeare: Othello.**
