Shakespeare's Commonwealth Of England:

Jahrbuch der Deutschen Shakespeare-Gesellschaft, 1889 *Shakespeare and the Politics of Commoners* Chris Fitter, 2017-07-18 *Shakespeare and the Politics of Commoners* is a highly original contribution to our understanding of Shakespeare's plays. It breaks important new ground in introducing readers lay and scholarly alike to the existence and character of the political culture of the mass of ordinary commoners in Shakespeare's England as revealed by the recent findings of the new social history. The volume thereby helps to challenge the traditional myths of a non-political commons and a culture of obedience. It also brings together leading Shakespeareans who digest recent social history with eminent early modern social historians who turn their focus on Shakespeare. This genuinely cross-disciplinary approach generates fresh readings of over ten of Shakespeare's plays and locates the impress on Shakespearean drama of popular political thought and pressure in this period of perceived crisis. The volume is unique in engaging and digesting the dramatic importance of the discoveries of the new social history thereby resituating and revaluing Shakespeare within the social depth of politics.

Lowndes] with some additions* Henry George BOHN, 1864 **The New Oxford Shakespeare: Modern Critical Edition** William Shakespeare, 2016-10-27 The Complete Works Modern Critical Edition is part of the landmark New Oxford Shakespeare, an entirely new consideration of all of Shakespeare's works edited afresh from all the surviving original versions of his work and drawing on the latest literary textual and theatrical scholarship. In one attractive volume the Modern Critical Edition gives today's students and playgoers the very best resources they need to understand and enjoy all Shakespeare's works. The authoritative text is accompanied by extensive explanatory and performance notes and innovative introductory materials which lead the reader into exploring questions about interpretation, textual variants, literary criticism and performance for themselves. The Modern Critical Edition presents the plays and poetry in the order in which Shakespeare wrote them so that readers can follow the development of his imagination, his engagement with a rapidly evolving culture and theatre and his relationship to his literary contemporaries. The New Oxford Shakespeare consists of four interconnected publications: the Modern Critical Edition with modern spelling; the Critical Reference Edition with original spelling; a companion volume on Authorship; and an online version integrating all of this material on OUP's high-powered scholarly editions platform. Together they provide the perfect resource for the future of Shakespeare studies. **The Reference Shakespeare: a Self-interpreting Edition of Shakespeare's Plays, Containing 11,600 References** Compiled by J.
