Shall We Gather At The River Poems:

The Poetry of James Wright Andrew Elkins, 1991 In *The Poetry of James Wright* the author traces Wright's formal evolution and concentrates on his consistent themes: the artist's role in society, the artist's search for poetic and personal identities, the power of poetry as fortification against the onslaughts of time, and the definition of a good and humane action. Charting the poet's evolution from his first book *The Green Wall* to the last collections *This Journey*, Elkins discusses one major book in each chapter, explicating the more important poems in detail and explaining how each volume is part of a progression from youthful imitator to mature innovator. Wright's individual struggle taking place as it did in the last half of the 20th century in America dramatizes the central problems of the creative individual in a late industrial society who is trying to turn a life into art. Wright worked in the great tradition of the adamant individualists in our literary heritage and like all of his formidable ancestors he refused to trust the socialized self he found attached to his soul; he refused to be diminished or circumscribed by any society's definition of himself. The effect of reading and studying his complete work is the recognition that Wright is a major 20th century American poet whose apparent simplicity and occasional sentimentality can obscure the complexity and maturity of his courageous confrontation with the problems of living and writhing in contemporary America.

Women's Spirituality, Women's Lives Judith Ochshorn, Ellen Cole, 1995 This enlightening book examines how the feminist spirituality movement contributes to the establishment of new paradigms of mental health for women. *Women's Spirituality* and *Women's Lives* examines possible psychotherapeutic implications for women engaged in feminist spirituality and stimulates much needed conversation between feminist therapists and feminist theologians/ritualists. Feminist spirituality is part of the current broad challenge to accepted ways of knowing and being. This book argues that as women tell their own stories they create rituals that enable them to feel a sense of control over the future and to move toward a kind of authority, agency, and autonomy associated with mental health and psychological well-being. Women from many cultural backgrounds and religious perspectives have embraced alternative forms of spiritual expression based on profound theoretical challenges to mainstream religious beliefs, ranging from calls for the radical reclamation and reconstruction of religious traditions to personal involvement in goddess worship and Wicca. *Women's Spirituality* and *Women's Lives* presents theoretical, conceptual, and experiential chapters that analyze the extent to which these proliferating women's groups represent the beginnings of new norms of mental health for women. *Women's Spirituality* and *Women's Lives* presents a variety of voices, including Native American, Christian, Jewish, and Wiccan. Chapters are divided into three sections: Laying the Groundwork, Theoretical Challenges, and Living It Out, and explore a diverse array of topics such as the shouting church and Black women's mental health, a traditionalist Native American challenge to New Age cooptation, a feminist group, and Jewish women's self-identity, lesbian altar making and mental health, feminist Wicca in the U.S. and Germany, the martial arts, and women's mental health, the use of feminist rituals in therapy, and as therapy. Feminist therapists and theologians, as well as

other individuals interested in feminist spirituality or alternative spirituality will find this book a fascinating exploration of the various aspects of the spirituality of women Women s Spirituality Women s Lives is also an excellent reader to expand the thinking of students in classes in women s studies and religious studies *James Wright* Frank Graziano, Peter Stitt, 1990-12-21 Features poems an essay and previously unpublished letters by James Wright plus excerpts from interviews memoirs and elegies **Chicorel Index to Poetry in Anthologies and Collections in Print** Marietta Chicorel, 1974

Claire, 1968 A national literary magazine Creating Another Self Samuel Maio, 1995 This book makes two significant literary assertions First that all first person voice poetry necessarily involves a masking of some kind and second that all personal poetry falls into one of three masking modes the confessional the persona and the self effacing Samuel Maio supports these claims with an in depth analysis of the work of representative poets three for each mode Robert Lowell James Wright and Anne Sexton confessional John Berryman Weldon Kees and Galway Kinnell persona and Mark Strand Charles Simic and David Ignatow self effacing Further the book draws on the work of several newer poets such as Garrett Hongo and Jim Barnes to suggest that personal poetry has had a far reaching influence on 20th century poetry A work of theoretical criticism and not a survey of personal poets Creating Another Self suggests that contemporary personal poetry is a distinctive phase begun in the 1950s and coming to a close in the 1990s The book is an important work for scholars of American literature and for creative writers Concerning Poetry , 1983 Poet's Book-shelf Peter Davis, 2005 Poets list authors and titles that have been essential in the development of their art and offer commentary on their lists
Beyond the Muse of Memory Laurence Lieberman, 1995 With stunningly precise formal biographical and cultural analysis Laurence Lieberman turns his critical eye to American poets and confirms his prodigious talent not only as a narrative poet but as a critic and essayist as well What Lieberman aspires to do in *Beyond the Muse of Memory* a collection of new and previously published essays is to send the reader back to major poets for a fresh look and to neglected artists for close study Lieberman s new studies of Robert Lowell illuminate the poems of Lowell s final period a sector of his work that has been wrongly undervalued by many of his critics Other essays that have never before appeared in book form on James Dickey Robert Penn Warren and Stephen Berg are gathered here with Lieberman s best and best known earlier essays on W S Merwin Mark Strand Derek Walcott James Wright and William Stafford to name a few
