

## AN INTRODUCTION TO SHAMANISM

Shamans are an integral part of communal religious traditions, professionals who make use of personal supernatural experiences, especially trance, as a resource for the wider community's physical and spiritual wellbeing. This Introduction surveys research on the topic of shamanism around the world, detailing the archaeology and earliest development of shamanic traditions as well as their scientific "discovery" in the context of eighteenth- and nineteenth-century colonization in Siberia, the Americas, and Asia. It explores the beliefs and rituals typical of shamanic traditions, as well as the roles of shamans within their communities. It also surveys the variety of techniques used by shamans cross-culturally, including music, entheogens, material culture, and verbal performance. The final chapters examine attempts to suppress or eradicate shamanic traditions, the revitalization of shamanism in postcolonial situations, and the development of new forms of shamanism within new cultural and social contexts.

THOMAS A. DUBOIS is the Birgit Baldwin Professor of Scandinavian Studies at the University of Wisconsin-Madison where he teaches in the fields of Scandinavian studies, folklore studies, and religious studies. He is author and editor of five books including *Nordic Religions in the Viking Age* (1999) and *Sanctity in the North: Saints, Lives and Cults in Medieval Scandinavia* (2008).

ancient notorious and frequently misrepresented spiritual traditions

**A Concise Introduction to World Religions** Willard Gurdon Oxtoby, Alan F. Segal, 2007 In addition to abridging the contents of the two best selling World Religions volumes Eastern Traditions and Western Traditions contributors to this concise volume text have reworked the original material to focus on six specific areas of analysis the major origins of the movement the crystallization of its teachings the major divisions within the tradition how adherents practice their faith cultural expressions and how the tradition has responded to the various changes intellectual social technological of modern times This more structural approach will make it easier for students to compare and contrast traditions resulting in a solid well rounded introduction to the study of world religions

Shaman, 2003 An Introduction to Turkology András Róna-Tas, 1991 *The Concept of Shamanism* International Society for Shamanistic Research. Conference, 2001 This book emerged from two sessions of the 4th International Conference of the International Society for Shamanic Research held in France in 1997 One session was devoted to prehistory another to urban shamanisms and neo shamanisms All the papers published in the second part of this book devoted to modernizing societies were presented at the conference Discussions on prehistory developed subsequently and new contributions have also been included

**The Nature of Shamanism and the Shamanic Story** Michael Berman, 2007 The book makes out a case for the introduction of a new genre of tale the shamanic story which has either been based on or inspired by a shamanic journey or contains a number of the elements that are typical of such a journey The stories featured are the Book of Jonah from the Old Testament two traditional stories from the Republic of Georgia The Earth will take its Own and Davit a contemporary German tale Bundles and the Korean story of Shimchong the Blindman TM's Daughter By making use of textual material from a number of different cultures and times the intention is to highlight the pervasive influence shamanism has had and to show how the new genre being proposed is a universal one The research questions addressed include 1 defining what shamanism is deciding whether it should be classified as a religion a methodology or a way of life 2 considering whether a case can be made out for the introduction of a new genre of tale and if so what its characteristics are It is hoped the book will be of interest not only to those involved in the study of shamanism but also to those whose interest is in the study of literary texts Since the old bearers of shamanic traditions quite often were and even today are illiterate the study of their folklore epic songs laments narratives undoubtedly provides a rich source for research

*Studies in Siberian Shamanism* Arctic Institute of North America, 1963 *Astroshamanism* Franco Santoro, 2003 In this volume the author takes us through an initiatory journey into the multidimensional universe that thrives beyond the limited boundaries of our ordinary perception The book is devoted to the exploration of the zodiac as a sacred circle and consists of chapters dealing with each of its 12 sectors and four directions

Tun-suriban, Shamanism in the Chepang of Southern and Central Nepal Diana Riboli, 2000 *Rediscovery of Shamanic Heritage* Mihály Hoppál, Gábor Kósa, 2003 This volume is based on a conference on shamanic heritage that took place at the Hungarian Culture Foundation Budapest in April 2000

Some two dozen experts came together from Korea the US Russia France Germany Austria Belgium and Hungary The meeting was a success in terms of scholarly debates and genuine presentations including some film documents on shamanic rituals from different cultures In the course of discussions the cultural value of shamanism has been re evaluated as the heritage of humanity the important source of performing arts and a reservoir of traditional knowledge
