Theologies of Failure Robert Sirvent,Duncan B. Rebyburn,2020-01-01 What does failure mean for theology In the Bible we find some unsettling answers to this question We find lastness usurping firstness and foolishness undoing wisdom We discover too a weakness more potent than strength and a loss of life that is essential to finding life Jesus himself offers an array of paradoxes and puzzles through his life and teachings He even submits himself to humiliation and death to show the cosmos the true meaning of victory As David Bentley Hart observes most of us would find Christians truly cast in the New Testament mold fairly obnoxious civically reprobate ideologically unsound economically destructive politically irresponsible socially discreditable and really just a bit indecent By incorporating the work of scholars working with a range of frameworks within the Christian tradition Theologies of Failure aims to offer a unique and important contribution on understanding and embracing failure as a pivotal theological category As the various contributors highlight it is a category with a powerful capacity for illuminating our theological concerns and perspectives It is a category that frees us to see old ideas in a brand new light and helps to foster an awareness of ideas that certain modes of analysis may have obscured from our vision In short this book invites readers to consider how both theology and failure can help us ask new questions discover new possibilities and refuse the ways of the world

Emotion Management and Feelings in Teaching and Educational Leadership Izhar Oplatka,Khalid Arar,2019-05-28 This book highlights the connection between culture and emotion management in teaching and educational leadership and allows researchers from different parts of the world to demonstrate how national and local culture influence the way educational leaders and teachers express their feelings display their emotion or suppress emotion publically

The Contemporary Archaeology of Emotions: Re-Framing the Past and Present Tuuli Matila,2025-09-30 This SpringerBrief examines emotions in the past through contemporary archaeological materials The author explores this topic using the context of a former working class neighbourhood in northern Finland that existed during the Cold War era 1947 1987 Finland offers an interesting context to examine this because of the twofold emotional frames the Cold War and capitalism versus the nascent welfare state The push and pull between the values emphasizing universal care and compassion against the hardline militarisation and financial competition results in accessing different and sometimes contradictory emotions It

also affords a gendered view into the past and such an angle could be attempted in the context of the deep past as well This book offers several examples on how emotions could be accessed in the deep past and draws parallels between the examples from a contemporary western country and various archaeological cultures and contexts Emotions can be a bridge to access the secrets of human behavior Such bridging is the core strength of archaeological education but rarely are emotions acknowledged in the process Lastly this book underlines the role of emotions specifically empathy in archaeological education and in destabilizing contemporary political notions on social norms and contracts

Forgiveness and Truth

Alistair McFadyen, Marcel Sarot, 2002-01-01 An international group of theologians considers the importance of forgiveness and truth in the modern world Dogmatic and practical theological themes are addressed including Christology and atonement forgiving abusive parents the economics of forgiveness forgiveness in Northern Ireland and shame sin and guilt Contributors include Deborah van Deusen Hunsinger Peter Selby Christopher Jones Fraser Watts Peter Sedgwick Jane Craske Todd Pokrifka Joe Nico Schreurs Alwyn Thompson and David Self

Coming Out of Shame Gershen Kaufman, Lev Raphael, 1996 Gershen Kaufman and Lev Raphael expose the role shame has come to play in the lives of gay men and lesbians The authors break the silence surrounding gay and lesbian experience so that individuals can come out of shame and begin a path toward personal growth and acceptance

Theories of Psychotherapy

Cecil Holden Patterson, Edward C. Watkins, 1996 This text offers detailed systematic summaries of 14 major psychotherapy theories enabling both students and the general reader to better appreciate and evaluate each theory Each chapter features a sketch of the theorist and the philosophy behind the therapy

Psychotherapy in Practice Samuel Stein, Jennifer Stein, 2000 This fascinating collection of interviews provides valuable insights into the work and lives of a number of leading practitioners in psychotherapy Various questions and problems which practitioners often come across but which tend to remain unresolved throughout their careers form the subject of these enlightening and thought provoking discussions The book discovers the more personal viewpoints of this Master Class of psychotherapists It shows how they have approached different problems how they worked through them with clients and their reflections on the outcomes Furthermore they talk about the books they have found helpful the way in which certain experiences both positive and negative have influenced their practice and their thoughts on the future direction of psychoanalysis and psychotherapy The interviews also explore their individual views on research training supervision and personal analysis This book is both entertaining and educational It will undoubtedly be a popular read amongst established practitioners as well as those embarking on a career in this field

The Cultural Politics of Emotion

Sara Ahmed, 2004 In The Cultural Politics of the Emotions Sara Ahmed develops a new methodology for reading the emotionality of texts She offers analyses of the role of emotions in debates on international terrorism asylum and migration and reconciliation and reparation and reflects on the role of emotions in feminist and queer politics Of interest to readers in gender studies and cultural studies the psychology and sociology of emotions and phenomenology and psychoanalysis The

Cultural Politics of the Emotions offers new ways of thinking about our inner and our outer lives Publisher description

Cognitive Therapy for Delusions, Voices and Paranoia Paul Chadwick, Max J. Birchwood, Peter Trower, 1996 Psychologists psychotherapists psychiatrists and nurses are increasingly involved in treatments which include psychological therapy and particularly cognitive therapy for serious mental disorders The aim of this book is to guide such professionals towards better practice by treating the individual symptoms of delusions voices and paranoia rather than by the categorisation of schizophrenia The authors provide an introduction to their cognitive model and show how therapy depends crucially on the collaborative relationship with the client While earlier approaches to these distressing symptoms depended on an overall model of schizophrenia which emphasised fundamental discontinuities with normal thought and psychological processes the authors approach is supported by substantial research that indicates that delusions voices and paranoia lie on a continuum of differences in thought and behaviour and do not arise from fundamentally different psychological processes This book offers a practical research based and essentially hopeful approach to the assessment and treatment of psychotic disorders and also an argument for the development of a person model for treatment which is based on the person's enduring psychological vulnerabilities This book appears in The Wiley Series in Clinical Psychology Series Editor J Mark G Williams University of Wales Bangor UK **Books in Print Supplement**, 2002 *Spirituality and Religion in Counseling and Psychotherapy*

Eugene W. Kelly, 1995 The goal of this book is to help counselors move from a respectful but hesitant neutrality to a skilled and action oriented sensitivity toward their clients spirituality The primary audience is professional counselors and psychotherapists social workers counselor and therapist educators and counselors in training in college programs The book presents and discusses recent theory and research on spirituality and religion with regard to counseling and psychotherapy It builds on the premise that spirituality and religion deserve counselors sensitive regard informed understanding and as ethically and therapeutically appropriate skillful integration into effective counseling treatment The first two chapters present information concepts and background knowledge that undergird counseling approaches skills and techniques Chapter Three focuses on the relationship dimension of counseling and discusses principles and practices for relating the spiritual religious dimension of the counseling relationship Chapter Four looks at systematic approaches for evaluating the appropriateness of including spiritual and religious issues in counseling and Chapter Five addresses a variety of treatment approaches and techniques for working with clients spiritual and religious concerns Contains over 400 references and an index RJM **Medical and Health Care Books and Serials in Print**, 1997 Forthcoming Books Rose Arny, 1998-04
