

Shark Lady

Patrick Vollmar

Shark Lady:

Shark Lady Jess Keating, 2017-06-06 One of New York Times Twelve Books for Feminist Boys and Girls This is the story of a woman who dared to dive defy discover and inspire This is the story of Shark Lady One of the best science picture books for children Shark Lady is a must for both teachers and parents alike An Amazon Best Book of the Month Named a Best Children's Book of 2017 by Parents magazine Eugenie Clark fell in love with sharks from the first moment she saw them at the aquarium She couldn't imagine anything more exciting than studying these graceful creatures But Eugenie quickly discovered that many people believed sharks to be ugly and scary and they didn't think women should be scientists Determined to prove them wrong Eugenie devoted her life to learning about sharks After earning several college degrees and making countless discoveries Eugenie wrote herself into the history of science earning the nickname Shark Lady Through her accomplishments she taught the world that sharks were to be admired rather than feared and that women can do anything they set their minds to An inspiring story by critically acclaimed zoologist Jess Keating about finding the strength to discover truths that others aren't daring enough to see Includes a timeline of Eugenie's life and many fantastic shark facts The perfect choice for parents looking for Books about sharks Inspiring nonfiction narrative books Role model books for girls and boys Kids STEM books

Women in Field Biology Martha L. Crump, Michael J. Lannoo, 2022-08-23 Women are contributing to disciplines once the sole domain of men Field biology has been no different The history of women field biologists embedded in a history largely made and recorded by men has never been written Compilations of biographies have been assembled but the narrative their story has never been told In part this is because many expressed their passion for nature as writers artists collectors and educators during eras when women were excluded from the male centric world of natural history and science The history of women field biologists is intertwined with men's changing views of female intellect and with increasing educational opportunities available to women Given the preponderance of today's professional female ecologists animal behaviorists systematists conservation biologists wildlife biologists restoration ecologists and natural historians it is time to tell this story the challenges and hardships they faced and still face and the prominent role they have played and increasingly play in understanding our natural world For a broader perspective we profile selected European women field biologists but our primary focus is the journey of women field biologists in North America Each woman highlighted here followed a unique path For some personal wealth facilitated their work some worked alongside their husbands Many served as invisible assistants to men receiving little or no recognition Others were mavericks who carried out pioneering studies and whose published works are still read and valued today All served as inspiration and proved to the women who would follow that women are as capable as men at studying nature in nature Their legacy lives on today The 75 female field biologists interviewed for this book are further testament that women have the intellect stamina and passion for fieldwork

Nonfiction Reading Comprehension: Science, Grades 2-3 Ruth Foster, 2006-02 High interest nonfiction articles help

students learn about science and social studies topics while developing skills in reading comprehension Each story is followed by questions that cover main idea details vocabulary and critical reasoning The format is similar to that of standardized tests so as students progress through the book's units they are preparing for success in testing

Island Fever Charles Pflueger, 2011-04 *Island Fever* chronicles a lifetime of adventure from a casual South Florida of the early 1930s to a Bahamian Island retirement almost eighty years later with exciting and amusing stops along the way Charlie Pflueger describes his life journey including his stint in the US Air Force in the Philippines and North Africa during the Korean War After his tour of duty he assumed station manager duties for Pan American Airways in the Caribbean and South America moved on to hotel management in the Bahamian Out Islands and had other assorted misadventures professional and otherwise He was blessed with a caring mother and he had the good fortune through no special thought or planning to have three talented sons Tom an architect Paul an orthopedic surgeon and Chris a real estate manager They are all educated and married with wonderful wives and have provided Charlie with several lovely grandchildren Good fortune also smiled with three wonderful step daughters and their families who he cherishes as his own His has been an incredible life Sometimes it was fun sometimes it was disappointing but all in all it was an amazing ride
