Shark Watch:

Sharks of the World David A. Ebert, Sarah Fowler, 2021-07-20 Fully revised and updated Back cover Sharks of Hawaii Leighton R. Taylor, 1993-01-01 This book offers a fascinating look at the species inhabiting waters around the Hawaiian archipelago By combining modern knowledge of shark biology with details culled from oral tradition legends and artifacts Dr Taylor provides a scientific account of individual species and sheds light on their role and significance in Hawaiian culture *Sharks: Conservation, Governance and Management* Erika J. Techera, Natalie Klein, 2014-06-05 The key aim of this book is to explore the global conservation and management of sharks There has been a rapid decline in populations of many shark species while new science has emerged of the critical role they play in marine ecosystems However the authors show that conservation law and policy have been slow to develop with only a small number of iconic species being protected worldwide The increase in fishing impact primarily through shark finning and by catch has led to shark conservation receiving greater international attention in recent years The book explores our current knowledge and status of the law and science in relation to sharks with a particular focus on improving frameworks for their conservation and management Recent trends are analysed including shark finning bans that have been put in place in several countries the widening number of nations establishing shark sanctuaries and the growth of shark based tourism The efficacy of current listing processes for endangered species and fisheries regulations is also examined Tourism is explored as an alternative to fishing and the risks and impacts associated with this industry are analysed Contributors include leading authorities from universities and conservation organizations in North America Europe and Australia A common theme is to emphasise the importance of collaborative governance between various interest groups and the need for inter disciplinary research and management approaches that are necessary to address the decline in sharks *Sharks for Kids* David McGuire, 2025-06-17 Meet the ocean s apex predators with the Junior Scientists series for kids ages 6 to 9 Sharks come in all shapes and sizes from giant whale sharks the size of school buses to tiny dwarf lanternsharks only eight inches long Sharks for Kids introduces you to these magnificent creatures through vivid illustrations and photographs of some of the biggest smallest and strangest sharks swimming the seas In this top choice among sharks books for kids you ll get to know goblin sharks thresher sharks and many more In one of the most engaging sharks books for kids you ll discover tons of in depth facts about some of your favorite sharks including what they eat how they hunt their life cycles and how people around the world are working to protect them You ll also learn about how they see smell and communicate in the deep sea Your underwater shark adventure begins here This standout selection among sharks books for kids includes So many sharks Check out all the wild information on a variety of species Age appropriate The content inside this outstanding pick among sharks books for kids is the perfect reading level for kids ages 6 to 9 Unbelievable images Sharks books for kids should have colorful photos and illustrations and this book delivers If you ve been searching for in depth sharks books for kids Sharks for Kids is a cut above the rest *Coast*
