

# Shelleys 1821 1822 Huntington Notebook

**Madeleine Callaghan**

### **Shelleys 1821 1822 Huntington Notebook:**

*Coleridge and Shelley* Sally West, 2016-05-23 Sally West's timely study is the first book length exploration of Coleridge's influence on Shelley's poetic development. Beginning with a discussion of Shelley's views on Coleridge as a man and as a poet, West argues that there is a direct correlation between Shelley's desire for political and social transformation and the way in which he appropriates the language imagery and forms of Coleridge often transforming their original meaning through subtle readjustments of context and emphasis. While she situates her work in relation to recent concepts of literary influence, West is focused less on the psychology of the poets than on the poetry itself. She explores how elements such as the development of imagery and the choice of poetic form often learnt from earlier poets are intimately related to poetic purpose. Thus on one level her book explores how the second generation Romantic poets reacted to the beliefs and ideals of the first while on another it addresses the larger question of how poets become poets by returning the work of one writer to the literary context from which it developed. Her book is essential reading for specialists in the Romantic period and for scholars interested in theories of poetic influence.

**The Unfamiliar Shelley** Timothy Webb, 2016-12-05 Stimulated by new editions of Shelley's writings and the evidence of notebooks, the editors have assembled an outstanding group of international Shelley scholars to work through the implications of recent advances in scholarship. With particular attention to texts that have been neglected or underestimated, the contributors consider many important aspects of Shelley's prolific and remarkably diverse output including the verse letter, plays, prose essays, satire, pamphlets, political verse, romance, prefaces, translations from the Greek, prose style, artistic representations, fragments, and early writings. Revaluations of Shelley's youthful works often criticized for their over-exuberance pay dividends as they reveal Shelley's early maturation as a writer and also shed light on his later achievement. Taken as a whole, the collection makes evident that Shelley's reputation has been based largely on surprisingly imperfect and incomplete edited publications driven by Victorian taste and culture. A writer very different from the one we thought we knew emerges from these essays which are sure to inspire more reappraisals of Shelley's work.

**The Oxford Handbook of Percy Bysshe Shelley** Madeleine Callaghan, 2012-12-27 The Oxford Handbook of Percy Bysshe Shelley takes stock of current developments in the study of a major Romantic poet and prose writer and seeks to advance Shelley studies in new directions. It consists of forty-two chapters written by an international cast of established and emerging scholar-critics. This Handbook is divided into five thematic sections: Biography and Relationships, Prose Poetry, Cultures, Traditions, Influences, and Afterlives. The first section reappraises Shelley's life and relationships, including those with his publishers through whom he sought to reach an audience, for the ashes and sparks of his thought, and with women, creative collaborators as well as muse figures. The second section gives his under-investigated prose works detailed attention, bringing multiple perspectives to bear on his conceptual positions and demonstrating the range of his achievement in prose works from novels to political and poetic treatises. The third section explores Shelley's creativity and gift as a poet.

emphasizing his capacity to excel in many different poetic genres The fourth section looks at Shelley s response to past and present literary cultures both English and international and at his immersion in science music theatre the visual arts and travel The fifth section concludes the volume by analysing Shelley s literary and cultural afterlife from his influence on Victorians and Moderns to his status as the exemplary poet for Deconstruction Packed with stimulating insights and readings The Oxford Handbook of Percy Bysshe Shelley brings out the relevance to Shelley s own work of his dictum that All high poetry is infinite

**The Neglected Shelley** Alan M. Weinberg, Timothy Webb, 2016-03-16 New editions and facsimiles of Percy Bysshe Shelley s works are changing the landscape of Shelley studies by making complete compositions and fragments that have received only limited critical attention readily available to scholars Building on the work begun in Weinberg and Webb s 2009 volume *The Unfamiliar Shelley* *The Neglected Shelley* sheds light on the breadth and depth of Shelley s oeuvre including the poet s earliest work written when he was not yet twenty and was experimenting with gothic romances and other striking forms of literary expression such as two collections of provocative verse There are discussions of Shelley s collaboration with Mary Shelley in the composition of *Frankenstein* and his skill as a translator of Greek poetry and drama reflecting his urgent concern with Greek culture His contributions to prose are the focus of essays on his letters the subversive notes to *Queen Mab* and his complex engagement with Jewish culture Shelley s considerable corpus of fragments is well represented in contributions on the later narrative fiction *Athanasion* *Athanasion* and the significant group of unfinished poems including *Mazenghi* *Fiordispina* *Ginevra* and *The Boat on the Serchio* that treat Italian topics Finally there are explorations of subtle though neglected or underestimated works such as *Rosalind* and *Helen* *The Sensitive Plant* and the verse drama *Hellas* *The Neglected Shelley* shows that even the poet s apparently slighter works are important in their own right and are richly instructive as expressions of Shelley s developing art of composition and the diverse interests he pursued throughout his career

**The Theatre of Shelley** Jacqueline Mulhallen, 2010 Based on the author s thesis Ph D Anglia Ruskin University

*The Poems of Shelley: 1817-1819* Percy Bysshe Shelley, 1989 Volume two of the *Poems of Shelley* is comprehensively annotated and explores the extraordinary range and richness of the poet s work placing it in the revolutionary and social upheaval of the 19th century
