

7 WAYS TO STAY SAFE ON CYBER MONDAY

Last year, 300,000 Americans were victims of online fraud — and it cost them a total of \$52 million. The FBI logged more than 2,000 complaints a day. Not surprisingly, much of this fraud happened around the holidays. Here's how to protect yourself...

1. Shop secure sites.

You can tell by the little lock symbol in the top left corner of your browser bar, and by the URL, which starts with HTTPS instead of just HTTP.

2. Shop sites you know and others trust.

If you haven't shopped safely at that site before, search for reviews about it. If those are negative, shop elsewhere.

3. Don't use a search engine.

Search retailers' sites, because sophisticated scammers try to add deceptive or even malicious links to your search results.

4. Use a secure connection.

Even if you do all this, your personal data is at risk if you shop using the Wi-Fi network at your favorite coffeehouse. So shop online from home.

5. Don't use debit cards.

If you do get scammed or hacked, credit cards offer a lot of fraud protection. Debit cards offer almost none.

6. Don't reuse passwords.

The best deals often require you register with the retailer. If you can get by as a "guest," do it. But if you must create a password, make it new and don't repeat it elsewhere.

7. Review your credit card statements.

You should be doing this year-round, but it's especially important during the holidays.
