Probability And Theistic Explanation:

Probability and Theistic Explanation Robert W. Prevost, 1990 The past twenty years have seen a revival of interest in the epistemic of religious belief Two philosophers who have led the way are Basil Mitchell and Richard Swinburne Both believe that religious belief can be justified using inductive best explanation arguments However their similarity ends there Swinburne s approach is formal utilizing the calculus of Bayes s Theorem in assessing the weight of the evidence Mitchell s is informal due to his recognition of judgement as central to such assessment This book is the first full length comparison of these two styles of justifying religious belief

Theism and Explanation Gregory W. Dawes, 2012-09-10 In this timely study Dawes defends the methodological naturalism of the sciences Though religions offer what appear to be explanations of various facts about the world the scientist as scientist will not take such proposed explanations seriously Even if no natural explanation were available she will assume that one exists Is this merely a sign of atheistic prejudice as some critics suggest Or are there good reasons to exclude from science explanations that invoke a supernatural agent On the one hand Dawes concedes the bare possibility that talk of divine action could constitute a potential explanation of some state of affairs while noting that the conditions under which this would be true are unlikely ever to be fulfilled On the other hand he argues that a proposed explanation of this kind would rate poorly when measured against our usual standards of explanatory virtue

The Evidential Argument from Evil William L. Rowe, Paul Draper, Richard Swinburne, Eleonore Stump, Alvin Plantinga, William P. Alston, Stephen J. Wykstra, Peter van Inwagen, Bruce Russell, Richard M. Gale, 2008-10-17 Is evil evidence against the existence of God A collection of essays by philosophers theologians and other scholars Even if God and evil are compatible it remains hotly contested whether evil renders belief in God unreasonable The Evidential Argument from Evil presents five classic statements on this issue by eminent philosophers and theologians and places them in dialogue with eleven original essays reflecting new thinking by these and other scholars The volume focuses on two versions of the argument The first affirms that there is no reason for God to permit either certain specific horrors or the variety and profusion of undeserved suffering The second asserts that pleasure and pain given their biological role are better explained by hypotheses other than theism Contributors include William P Alston Paul Draper Richard M Gale Daniel Howard Snyder Alvin Plantinga William L Rowe Bruce Russell Eleonore Stump Richard G Swinburne Peter van Inwagen and Stephen John Wykstra

A Rational Faith Joshua Sijuwade, 2025-03-27 A comprehensive analysis of Richard Swinburne s intellectual journey and philosophical work A Rational Faith explores the legacy of one of the most influential and rigorous philosophical defenders of theism Across Swinburne s written career he has displayed a deep commitment to demonstrating the intellectual credibility of the Christian faith facing modern scientific and philosophical challenges and the materialistic worldview of modern intellectualism Analysing his life and work through in depth accessible explanations of key issues and their context Joshua Sijuwade brings together collected criticism of Swinburne s work and explores possible counter

arguments alongside a foreword by Richard Swinburne himself Suitable for any reader interested in Swinburne's philosophy first approach or those intrigued by a philosophical defence of the Christian faith *A Rational Faith* reveals Swinburne's life and work as a witness to his belief that belief in the central tenets of the Christian faith is rational **Ist der Glaube vernünftig?** Alexander Loichinger, 1999 *Neue Zeitschrift für systematische Theologie und Religionsphilosophie*, 2002

Theistic Problems; Being Essays on the Existence of God and His Relationship to Man George Sexton, 1880 A Candid Examination of Theism George John Romanes, 1878 *Philosophy of Religion Or Religious Philosophy?* Timo Koistinen, 2000 **The Cumulative Book Index**, 1991 A world list of books in the English language **The Existence of God** Richard M. Gale, Alexander R. Pruss, 2003 The latter third of the 20th century has seen the philosophical defence of theism many philosophers were caught off guard because they assumed that metaphysics and theology had been dealt with Moreover the leaders of this renaissance were analytically rooted philosophers Upon examination however it is clear that significant developments in philosophical theism historically have come upon the heels of breakthroughs in the core areas of philosophy concerning meaning logic and scientific methodology cornerstones of analytic philosophy This volume attempts to document this golden era of analytical theism **Philosophy of Religion** William J. Wainwright, 2010 The past forty years or so have witnessed a renaissance in the philosophy of religion New tools and new historical research have prompted many thinkers to take a fresh look at old topics Moreover sophisticated examinations of contentious new issues such as the problem of religious diversity or the role of emotions and other non evidential factors in shaping rationally held religious beliefs have also emerged Comes fully indexed with a comprehensive introduction newly written by the editor

Philosophy of Religion Brian Davies, 1998 This is a textbook and reference work by some of the world's leading philosophers of religion Philosophy of religion is concerned with such questions as Does God exist Can God's existence be proved What is God like Is there life after death Can philosophy throw light on the diversity of religious beliefs And what can science tell us about religious matters **Interpreting Charismatic Experience** David Middlemiss, 1996 For eight years David Middlemiss was a minister who had to assess charismatic phenomena such as the claims of prophets who would tell him with great certainty what God was saying to the church This period left him with major questions Is a person on the floor of the church slain in the Spirit hypnotized or hyperventilating **Whitaker's Books in Print**, 1998 **Theologie und Philosophie**, 1993 Contains critical reviews and bibliographies The Philosophical Review Jacob Gould Schurman, James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham, 2003 *The Chautauquan*, 1881 Reason and Obligation R.
