Problems Of Dostoevskys Poetics:

Problems of Dostoevsky's Poetics Mikhail Bakhtin, 2013-11-30 This book is not only a major twentieth century contribution to Dostoevsky's studies but also one of the most important theories of the novel produced in our century As a modern reinterpretation of poetics it bears comparison with Aristotle

Problems of Dostoevsky's Poetics Mikhail Mikhaïlovich Bakhtin, 1984 This book is the ideal introduction to the thought of Mikhail Bakhtin Bakhtin is becoming established as one of the giants of 20th century literary criticism despite his work being unknown in the West until the 1970's This book is less about Dostoyevsky per se rather a profound meditation on how Dostoyevsky's art exemplifies the central concern of Bakhtin the concept of dialogism This idea defies a simple definition the book in exploring manifold aspects of it itself becomes truly dialogic If you value Dostoyevsky as an artist require an antidote to the chill winds of modern Theory or simply appreciate genius at work catch up with one of the best kept secrets in literature

Problems of Dostoevsky's Poetics [by] Mikhail Bakhtin Mikhail Mikhailovich Bakhtin, 1973

Problems of Dostoevsky's Poetics; Ed. and Trans. by Caryl Emerson Mikhail Bakhtin, 1984

Bakhtin's Problems of Dostoevsky's Poetics and the Ideological Problem of The Brothers Karamazov Natalie Nicole Griner, 2015 Dostoevsky's final novel *The Brothers Karamazov* strives to resolve the question of God's existence But many critics have acknowledged that Dostoevsky seems to present Ivan's skeptical voice with equal if not greater force than Alyosha's affirmative voice a feature of the novel that is difficult to explain in the context of Dostoevsky's avowed Christianity There is an overwhelming consensus among critics that *The Brothers* is a thesis novel But in order to establish the novel as a defense of faith the critic must ultimately dismiss the strength of Ivan's voice and in attempting to demonstrate that the voice of doubt prevails the critic must similarly dismiss the value of Alyosha's faith By utilizing Bakhtin's theory of polyphony I propose an interpretation of *The Brothers* that does not attempt to resolve this opposition Because Bakhtin's theory is often seen to sanction all interpretations as equally valid it has been used to endorse each of these mutually incompatible positions on the novel But I hope to show that the theory of polyphony is in its essence diametrically opposed to the interpretation of Dostoevsky's work as either a defense of faith or a concession to doubt Further I propose contra Bakhtin that the polyphonic novel can be thesis driven if its very thesis resides in its formal polyphony The thesis of *The Brothers* I argue does not resolve the question of God's existence but posits instead that the inability to resolve this question is fundamental to human nature

The Renewal of Generosity Arthur W. Frank, 2009-11-19

Contemporary health care often lacks generosity of spirit even when treatment is most efficient Too many patients are left unhappy with how they are treated and too many medical professionals feel estranged from the calling that drew them to medicine Arthur W. Frank tells the stories of ill people doctors and nurses who are restoring generosity to medicine generosity toward others and to themselves *The Renewal of Generosity* evokes medicine as the face to face encounter that comes before and after diagnostics pharmaceuticals and surgeries Frank calls upon the Roman emperor Marcus Aurelius

philosopher Emmanuel Levinas and literary critic Mikhail Bakhtin to reflect on stories of ill people doctors and nurses who transform demoralized medicine into caring relationships He presents their stories as a source of consolation for both ill and professional alike and as an impetus to changing medical systems Frank shows how generosity is being renewed through dialogue that is more than the exchange of information Dialogue is an ethic and an ideal for people on both sides of the medical encounter who want to offer more to those they meet and who want their own lives enriched in the process The Renewal of Generosity views illness and medical work with grace and compassion making an invaluable contribution to expanding our vision of suffering and healing The Polyphonic World of Cervantes and Dostoevsky Slav N.

Gratchev,2017-12-06 This book is the first scholarly attempt to examine Don Quixote from the angle of dialogism and polyphony To begin with although Mikhail Bakhtin considered Dostoevsky the creator of a polyphonic novel we believe that the first elements of polyphony can be observed in Cervantes Don Quixote A preliminary objective will therefore be to articulate without reducing the role of Dostoevsky in the creation of the polyphonic novel and relying on Bakhtin s interpretation of polyphony heteroglossia and multivoicedness that the polyphonic structure appeared and evolved to a state of relative maturity centuries before Dostoevsky The book will subsequently explore how and why the polyphonic structure was born within the classic monophonic structure of Don Quixote the ways in which this new structure positioned itself in relation to the classic monophonic one and what relations it may be said to have established with it resulting in a unique amalgam the hybrid semi polyphonic novel An overarching concern throughout the project will be to trace Cervantes search for new and more sophisticated expressive possibilities that the old monophonic narration could not offer while also shedding light on how Cervantes systematically and deliberately employed polyphonic structure in Don Quixote *Beyond Discourse*

Alexander M. Sidorkin,1999-08-12 Drawing on the works of Martin Buber and Mikhail Bakhtin the author explores the roles that dialogue laughter and spontaneity play in the education of the whole person *Resonant Utterances* Joshua

Elwer,2025-12-01 The main question confronted in this book is why James Joyce s characters so often repeat the words of other characters Joyce gives much attention and detail to how spoken discourse can influence the inner lives of his characters from the opening short story of Dubliners to the final page of his last work Finnegans Wake As opposed to an intertextual reading that would look for other texts influencing Joyce s work this book is marked by intratextual readings Readings in which the repetition of utterances made by Joyce s characters are read together within his own works Drawing from such notable figures as Mikhail Bakhtin and Gilles Deleuze for its theoretical foundations of transmission Resonant Utterances offers a critical insight into how the discourse of many Joycean characters is dialogically sourced Appreciating the relationship between Joyce s texts and everyday experience this book likewise links the two and contextualizes its fictional findings with our own everyday experiences of using language Where do our words come from Why does it matter that our words are often borrowed from other speakers Resonant Utterances offers both literary and philosophical answers
