Mourning and Creativity in Proust Anna Magdalena Elsner,2017-03-09 This study explores Proust s answers to some of the fundamental challenges of the inevitable human experience of mourning Thinking mourning and creativity together allows for a fresh approach to the modernist novel at large but also calls for a reassessment of the particular historical and social challenges faced by mourners at the beginning of the twentieth century The book enables the reader to acknowledge loss and forgetting as an essential part of memory and it proposes that this literary topos has seminal implications for an understanding of the ethics aesthetics and erotic in Proust s *A la recherche du temps perdu* Drawing on the works of Sigmund Freud and Jacques Derrida Anna Magdalena Elsner develops an original theory of how mourning and creativity are linked by emphasizing that ethical dilemmas are central to an understanding of the novel s final aesthetic apotheosis This sheds new light on the enigmatic and versatile nature of mourning but also pays tribute to those fertile tensions and paradoxes that have made Proust s novel captivating for readers since its publication

Selected Stories of Katherine Mansfield Katherine Mansfield,2023-06-15 Katherine Mansfield 1888 1923 was one of the leading figures in the development of the modernist short story and her writings were a profound influence on writers such as Virginia Woolf and D H Lawrence Presenting for the first time draft manuscripts of some of her most important stories this book gives scholars and students alike vivid new insight into Mansfield s creative process With manuscripts for each text presented in facsimile and transcript detailed notes throughout compare early drafts with later revisions and the final published work In the final section of the book leading scholars offer vivid new critical readings exploring the manuscript history of these stories The stories included are *Je ne parle pas francais* *Sun and Moon* *Revelations* *The Stranger* *The Daughters of the Late Colonel* *Mr and Mrs Dove* *Marriage la Mode* *The Voyage* *Six Years After* *The Fly*

**Mimesis in a Cognitive Perspective** Nicolae Babuts,2017-07-05 Mimesis is a critical and philosophical term going back to Aristotle It carries a wide range of meanings including imitation representation mimicry the act of expression and the presentation of self In modern literary criticism mimesis has received renewed attention in the last two or three decades and been subject to wide ranging interpretations Nicolae Babuts looks at the concept of mimesis from a cognitive perspective He identifies two main strands the mimetic relation of art and poetry to the world defined in terms of reference to an external reality and the importance of memory in the making of plots or storytelling Babuts suggests that there is a material identity we cannot know beyond the limits of our senses and intellect and a symbolic or coded identity that is processed by memory All writers including

Mallarmé in his esoteric poetry Flaubert in his realist narratives and Mihai Eminescu the Romanian poet in his romantic poems rely on mimetic strategies to link the two identities the images in memory to the outside reality All order their narratives in accordance with the dynamics of memory Babuts describes this phenomenon with great insight showing how new traditions are formed
