Book Review 1 A collection of intimate interviews with people regarding the personal familial cultural and geographic factors in their working lives Inspired by Studs Terkel s Working 1974 which profiled ordinary American workers editor Skees God Among the Shakers 1998 takes the concept global Six of her 16 subjects live in the United States including a slack key guitarist in Honolulu an architect in Cincinnati and a recruiter headhunter in Tampa Florida The rest are on other continents including a coffee farmer in Nicaragua a Masai warrior in Tanzania a married couple running an eco friendly factory in India a rickshaw puller in Bangladesh and a private equity manager in Hong Kong Skees organizes the material into five sections Entrepreneurship Industry and Transportation Farming Food and Animals Finance and Technology and Music an environmental activist in American coal country a banana farmer in Uganda a college admissions counselor in Rwanda and a fringe diplomat in Tel Aviv Few books dig so deeply into life as it s actually lived with such unsparing intimacy Prose Skees s own prose is sharp clear and purposeful but outside of introductions and some notes most of the book come straight from the mouths of her subjects through first person monologue Skees breaks the chapters up into short labeled sections This is helpful for skimmers but the shortness of the individual sections gives the chapters a stop and start feeling impeding narrative momentum Originality This isn t the first book to survey workers in their own words about work nor even the first one by

Skees to do so but the author has selected a fresh fascinating cross section of people to reveal truths about the world and this current moment Execution The book offers insights wisdom challenges to orthodox thinking and some arresting first person storytelling It s both eye opening and a pleasure to learn about the day to day work of a Zambian mobile money agent and to discover how that work is vital to a population outside of the banking system That said the narrators individual voices sound somewhat similar to each other and the speakers too rarely offer up surprising or engaging anecdotes The emphasis here is strongly on the work itself and the sociopolitical context that created the opportunity for such work There s great value in capturing that but the book might prove more enticing for general audiences with a greater emphasis on voice and storytelling Booklife Publisher s Weekly **Mediaweek** ,1997 Brandweek ,1993-04 **Danny Goodman's Apple Guide Starter Kit** Danny Goodman,Jeremy Joan Hewes,1995 For novice and experienced users alike this kit provides the user with an automated tool and quick hands on instructions for creating his her own Apple Guide databases for any task or procedure with the Macintosh The authors provide expert advice on how to design a good Guide from planning and creation through testing revising and indexing **HTML & Web Design Tips & Techniques** Kris Jamsa,Konrad King,Andy Anderson,2002-02-13 Master HTML and Web design using this resource filled with precise proven techniques from today s leading industry experts Inside you ll find quick and concise solutions that can be put to immediate use easily and effectively Organized by topic and packed with critical information this is a must have guide for every Web designer *Getting-- Keeping And-- Growing In-- Your Job* Bill Corbin,Kim Corbin,1994 A candid look at the pursuit and development of a meaningful career Presented in an easy to read and amusing manner this book is filled with timeless wisdom and up to the minute insights **Willing's Press Guide** ,2004 Coverage of publications outside the UK and in non English languages expands steadily until in 1991 it occupies enough of the Guide to require publication in parts Vault Guide to the Top Tech Employers Michaela R.
