Problems In Theology Creation:

Creation (Problems in Theology) Jeff Astley, David Brown, Ann Loades, 2003-10-01 This reader brings together modern material from a wide range of Christian theologians on the meaning and status of the doctrine of creation its relation to scientific theories our understanding of God and the theology of redemption and its implications for our proper attitude to the world of Nature Process theology the Gaia hypothesis New Age spirituality and pantheism are among the range of topics that are introduced and critiqued Contributors include Carol Adams Karl Barth Teilhard de Chardin Celia Deane Drummond Colin Gunton Jurgen Moltmann Schubert Ogden John Polkinghorne *Creation and Gospel* Gustaf Wingren, 2004-04-27 Taken from a series of lectures given by Professor Gustaf Wingren in 1979 this volume addresses creation under natural law gospel and the Church and law and the gospel in an attempt to rediscover a positive meaning for creation without obscuring the uniqueness of the Christ event Problem and Promise in Colin E. Gunton's Doctrine of Creation William B. Whitney, 2013-07-04 While much dialogue has focused on aspects of Colin Gunton's Trinitarian theology there has been a need for a full scale study of Gunton's doctrine of creation that locates the significance of his understanding of creation within the wider spectrum of his theology Problem and Promise demonstrates how Gunton's doctrine of creation cannot be read in abstraction from his Trinitarian theology and argues that creation remains a central feature in Gunton's writing that holds lasting importance for understanding ethical and moral aspects of Gunton's theology William B Whitney establishes how this Trinitarian account of creation goes beyond offering a theological description of the created realm and also provides the basis for understanding human involvement in creation through the enterprises of culture *Theology, Creation, and Environmental Ethics* Whitney Bauman, 2009-04-30 Winner of the John Templeton Award for Theological Promise 2009 This book argues that the Christian doctrine of creatio ex nihilo creation out of nothing sets up a support system for a logic of domination toward human and earth others Conceptually inspired by the work of theologian Catherine Keller and feminist philosopher of the environment Val Plumwood it follows a genealogical method in examining how the concept of creation out of nothing materializes in the world throughout different periods in the history of the Christian West **T&T Clark**

Handbook of Suffering and the Problem of Evil Matthias Grebe, Johannes Grössl, 2023-07-13 This wide ranging work provides an extensive exploration of the theology of theodicy asking questions such as should all instances of suffering necessarily be understood as evil Why would an omnipotent and benevolent God allow or perpetrate evil Is God unable or unwilling to reduce human and non human suffering on Earth Does humanity have the capacity to exercise a moral evaluation of God's motives and intentions Conventional disciplinary boundaries have tended to separate theological approaches to these questions from philosophical ones This volume aims to overcome these boundaries by including biblical Part I historical Part II doctrinal Part III philosophical Part IV and pastoral interreligious perspectives and alternative intersections Part V on theodicy Authors include thinkers from analytic and continental traditions multiple Christian

denominations and other religions and both established and younger scholars providing a full variety of approaches What unites the essays is an attempt to answer these questions from the perspective of biblical testimony historical scholarship modern theological and philosophical thinking about the concept of God non Christian religions science and the arts The result is a combination of in depth analysis and breadth of scope making this a benchmark work for further studies in the theology of suffering and evil Studies in Theology: Creation Randolph Sinks Foster,1895 **The Problem of Evil; Or, Theory and Theology** Ames Castle Pennock,1877 *Some Issues for Theology To-day* John Geverghese Arapura,1992 Lectures with emphasis on Christian theology in India The Problem of the Hexateuch and Other Essays Gerhard von Rad,1966 **Old Testament Theology** Ben C. Ollenburger,2004 In this extensively revised and updated edition of The Flowering of Old Testament Theology Professor Ollenburger provides help for beginning theological students who are frequently overwhelmed by the proliferation of volumes dealing with Old Testament theology to say nothing of the variety of approaches used in these works This textbook has been re issued with a new title Old Testament Theology Flowering and Future Selected essays include key theological statements of Otto Eissfeldt Walther Eichrodt Theodor C Vriezen George E Wright Gerhard von Rad Walther Zimmerli John L McKenzie Ronald E Clements Walter C Kaiser Jr Samuel L Terrien Claus Westermann Brevard S Childs Rolf Knierim Horst D Preuss Walter Brueggemann Paul R House Bernhard W Anderson Erhard S Gerstenberger Hartmut Gese Phyllis Trible Jon D Levenson John H Sailhamer Gunther H Wittenberg James Barr R W L Moberly and Mark G Brett An appendix contains Johann P Gabler s 1787 seminal essay on biblical theology An extensive bibliography and indexes of authorities and Scripture references conclude the volume Publisher **The Problem of Problems and Its Various Solutions** Clark Braden,1876 *The Problem of problems, and its various solutions, or, Atheism, Darwinism, and theism* Clark Braden,1879 *Dogmatic Theology: Creation and man* Francis Joseph Hall,1912

Lay religion, letters on the present religious situation Richard Harte,1894 **The Redeemed Good Defense** Anthony MacPherson,2021-07-06 Why God Everyday this question is uttered in sorrow bewilderment or anger This cry is the problem of suffering It is also known as the problem of evil It asks why a good all powerful God allows evil and pain Theodicy is the name of the theological responses that seek to defend God against charges of unfairness Traditional theodicies have been accused of intensifying the problem by claiming that God is justified in allowing evil because he uses it to bring about a greater good This greater good approach has been criticized in more recent times It seems to uncomfortably align God and evil too closely together Does God need evil in order to bring good This study explores an alternative stream of theodicy found in the idea of cosmic warfare In this theodicy God fights evil in its moral physical spiritual and supernatural forms This book explores the world of theodicy and its cosmic warfare forms It navigates the theological and ethical minefields involved Building on the idea that God is in the midst of a great cosmic controversy it seeks to further the conversation and articulates a new alternative redeemed good defense **Priestly Ritual and Creation Theology** Frank Harrison Gorman,1985
