Proceedings Of The Acmonr Workshop On Parallel And Distributed Debugging:

Parallel Programming and Applications Peter Fritzson, Leif Finmo, 1995 ZEUS Centres of European Supercomputing is a network for information exchange and co operation between European Supercomputer Centres During the fall of 1994 the idea was put forward to start an annual workshop to stimulate the exchange of ideas and experience in parallel programming and computing between researchers and users from industry and academia The first workshop in this series the ZEUS 95 Workshop on Parallel Programming and Computation is organized at Linkoping University where the Swedish ZEUS centre NSC National Supercomputer Centre is located This is open for all researchers and users in the field of parallel computing

Parallel Program Development for Cluster Computing José Cardoso Cunha, Péter Kacsuk, Stephen Winter, 2001 The book is divided into two parts the first one covering the concepts and methodologies and the second describing the tools and integrated environments that were developed in those projects In this way we hope that the reader will find the book useful not only concerning an identification of current trends in parallel program development but also concerning their practical illustration through concrete tools and environments
