Finding the Lost Year Sondra Gordy, 2009-04-01 Much has been written about the Little Rock School Crisis of 1957 but very little has been devoted to the following year the Lost Year 1958-59 when Little Rock schools were closed to all students both black and white Finding the Lost Year is the first book to look at the unresolved elements of the school desegregation crisis and how it turned into a community crisis when policymakers thwarted desegregation and challenged the creation of a racially integrated community and when competing groups staked out agendas that set Arkansas's capital on a path that has played out for the past fifty years In Little Rock in 1958 3,665 students were locked out of a free public education Teachers' lives were disrupted but students' lives were even more confused Some were able to attend schools outside the city some left the state some joined the military some took correspondence courses but fully 50 percent of the black students went without any schooling Drawing on personal interviews with over sixty former teachers and students black and white Gordy details the long term consequences for students affected by events and circumstances over which they had little control

**You Can't Return Home Except Through Photographs and Memory** Marques Vickers, 2017-03-03 Author Marques Vickers returns to his hometown of Vallejo California with his memoir You Can't Return Home Except Through Photographs and Memory The personal narrative traces his formation within a community that through his eyes has slipped a notch from both the middle class and affluence Vickers employs a light but candid tone on a gravely perceived subject Vallejo's regressive deterioration The suburban San Francisco Bay Area town of 120,000 was formerly the California State Capital twice and home to the Mare Island Naval Shipyard The base closed in 1996 creating an employment void that prompted stagnation within the downtown core Vickers was raised locally during the 1960s-70s He traces the specific causes for decline as the proliferation of long simmering racial tensions homelessness aggressive criminality and drug trafficking Returning in 1987 as an adult following a twelve year absence he was struck by the town's smallness of scale In spite of the successful recruitment of Marine World Africa USA in 1986 the addition has not elevated Vallejo into a desirable extended stay tourist destination He observes that seemingly for every positive step forward the city tends to relapse two steps backwards Despite the deterioration most Vallejoans he knows are proud of their grounded heritage His text is far from bleak and bitter He cites the town's distinctiveness attractions and diversity that positively impacted his personal development His photo compilation was prompted by a return for the funeral service of a 90 year old friend Andy who died on New Year's Day 2017 Andy a former longtime resident avoided local visitations noting the degenerating conditions from his residence in adjacent Benicia The author's own series of memories were exhumed at the same time as the body of his friend was being lowered into the ground for burial Vickers surveys the present tense community with his camera lens portraying a bittersweet reality Although he cannot overlook the obvious he hopes the current downtown may ultimately be viewed as an isolated puzzle piece fitting into a larger positive legacy Balancing his criticism with objectivity humor and insight Vickers attempts to accurately portray a

subject he mourns and knows intimately      College Football's Most Memorable Games, 2d ed. Fred Eisenhammer, Eric B. Sondheimer, 2014-01-10 Presented here are 60 games featuring some of the most outstanding efforts in history dramatic comebacks such as USC's 1974 triumph over Notre Dame stunning upsets Columbia's 21-20 win over Army in 1947 or Appalachian State's over Michigan 34-32 in 2007 see front cover great individual efforts Jim Brown's 43 points in a single game bizarre plays Roy Riegel's wrong way run that helped Georgia Tech defeat California and Yale Harvard 29-29 in 1968 the latter scoring 16 points in the final 42 seconds Each story includes the highlights of the games with quotes from many of the principals a look at the contest's effects on football overall career follow ups for the key participants and seasonal wrap ups for the teams involved      **The Game Changers** Jeff Miller, 2016-10-25 The accepted narrative in football crazy Texas is that racial integration came to the state's national sport in the mid 1960s generally associated with Jerry LeVias celebrated arrival at SMU in Dallas But the landmark achievement actually took place quietly almost a decade earlier only about an hour north of Dallas In the town of Denton two black football players from Dallas segregated public school system boldly walked on to play for what was then called North Texas State College known today as the University of North Texas Abner Haynes and Leon King didn't know what to expect and neither their dozen or so teammates on North Texas freshman team The players arrival came only a few months after North Texas first welcomed a black undergraduate student in February 1956 The school worked its way through both that episode and the integration of its most public face the football team with no fanfare and without the hostility on campus that accompanied similar events at many other colleges and universities across the South There were though tense situations when a racial integrated football team played road games in small segregated Texas towns Jeff Miller a veteran Texas sports journalist has visited with those who lived through it from the mixed welcome that Haynes and King initially received from their white freshman brethren to those same teammates standing with them after the two blacks were denied service at eateries on the road to a squad that grew into a Bowl team In *The Game Changers* Miller ties the tale of what happened at North Texas beginning in 1956 to contrasting events that took place not far away that reverberated into national relevance He also chronicles the continued racial integration of major college football in Texas throughout the 1960s Skyhorse Publishing as well as our Sports Publishing imprint are proud to publish a broad range of books for readers interested in sports books about baseball pro football college football pro and college basketball hockey or soccer we have a book about your sport or your team Whether you are a New York Yankees fan or hail from Red Sox nation whether you are a die hard Green Bay Packers or Dallas Cowboys fan whether you root for the Kentucky Wildcats Louisville Cardinals UCLA Bruins or Kansas Jayhawks whether you route for the Boston Bruins Toronto Maple Leafs Montreal Canadiens or Los Angeles Kings we have a book for you While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home      **Point of No Return** John P.

Marquand, 2015-07-14 A 1 New York Times bestseller by a Pulitzer Prize winning novelist A successful Manhattan banker is haunted by his humble New England roots Raised in the small town of Clyde Massachusetts Charles Gray has worked long and hard to become a vice president at the privately owned Stuyvesant Bank in Manhattan But at the most crucial moment of his career when his focus should be on reading his boss's intentions and competing with his chief rival for promotion Charles finds himself hopelessly distracted by the past Years ago the Gray family was featured in a sociological study of their hometown Charles his sister and their parents were classified as members of the lower upper class the unspoken strains of their tenuous social status cast in stark black and white A chance encounter with the author of the study fills Charles's head with memories and when a business matter compels him to return to Clyde it seems as if fate is intent on turning back the clock As he reflects on the defining moments of his youth Charles contends with one of the central mysteries of existence how our lives can feel both predetermined and random at the same time Published in 1949 Point of No Return is a brilliant study of character and place heralded by the New York Times as further proof that its author is one of the most important living American novelists      **Public School Magazine** ,1899      *The Oxford Handbook of the Economics of Gambling*
