collaboration and consensus David Hoicka Singapore *The Conflict Resolution Toolbox* Gary T. Furlong, 2010-03-22 In real life conflict resolution situations one size does not fit all Just as a mechanic does not fix every car with the same tool the conflict resolution practitioner cannot hope to resolve every dispute using the same technique Practitioners need to be comfortable with a wide variety of tools to diagnose different problems in vastly different circumstances with different people and resolve these conflicts effectively The Conflict Resolution Toolbox gives you all the tools you need eight different models for dealing with the many conflict situations you encounter in your practice This book bridges the gap between theory and practice and goes beyond just one single model to present a complete toolbox a range of models that can be used to analyze diagnose and resolve conflict in any situation It shows mediators negotiators managers and anyone needing to resolve conflict how to simply and effectively understand and assess the situations of conflict they face And it goes a step further offering specific practical guidance on how to intervene to resolve the conflict successfully Each model provides a different and potentially useful angle on the problem and includes worksheets and a step by step process to guide the reader in applying the tools Offers eight models to help you understand the root causes of any conflict Explains each model s focus what kind of situations it can be useful in and most importantly what interventions are likely to help Provides you with clear direction on what specific actions to choose to resolve a particular type of conflict effectively Features a detailed case study throughout the book to which each model is applied Additional examples and case studies unique to each chapter give the reader a further chance to see the models in action Includes practical tools and worksheets that you can use in working with these models in your practice The Conflict Resolution Toolbox equips any practitioner to resolve a wide range of conflicts Mediators negotiators lawyers managers and supervisors insurance adjusters social workers human resource and labour relations specialists and others will have all the tools they need for successful conflict resolution *American Book Publishing Record* ,1998 *Foundations of Dispute Resolution* Carrie Menkel-Meadow, 2017-05-15 This volume brings together leading research articles in to the theory research findings and applications of modern dispute resolution The articles relate to a wide variety of settings and cover the primary processes of negotiation mediation and arbitration as well as exploring combinations and hybridization of those processes Also included are articles on the search for value added or pie expanding creative solutions the choosing of strategies based on game theory economics and social and cognitive psychology how foundational theories have been altered or modified depending on contexts and numbers of parties and issues and what issues are raised by the privatization of justice The articles span both the science and art of dispute resolution consider the relationship of peace to justice and include both empirical descriptive and normative prescriptive assessments of how these processes of dispute resolution function **Ethical Deliberation in Multiprofessional Health Care Teams** Saint Paul University (Ottawa, Ont.).
