Sarojini Naidu Her Life Work And Poetry A Reibue:

Making India: Colonialism, National Culture, and the Afterlife of Indian English Authority Makarand R.

Paranjape, 2012-09-03 Compared to how it looked 150 years ago at the eve of the colonial conquest today's India is almost completely unrecognizable. A sovereign nation with a teeming industrious population it is an economic powerhouse and the world's largest democracy. It can boast of robust legal institutions and a dizzying plurality of cultures in addition to a lively and unrestricted print and electronic media. The question is how did it get to where it is now. Covering the period from 1800 to 1950 this study of about a dozen makers of modern India is a valuable addition to India's cultural and intellectual history. More specifically it shows how through the very act of writing often in English these thought leaders reconfigured Indian society. The very act of writing itself became endowed with almost a charismatic authority which continued to influence generations that came after the exit of the authors from the national stage. By examining the lives and works of key players in the making of contemporary India this study assesses their relationships with British colonialism and Indian traditions. Moreover it analyzes how their use of the English language helped shape Indian modernity thus giving rise to a uniquely Indian version of liberalism. The period was the fiery crucible from which an almost impossibly diverse and pluralistic new nation emerged through debate dialogue conflict confrontation and reconciliation. The author shows how the struggle for India was not only with British colonialism and imperialism but also with itself and its past. He traces the religious and social reforms that laid the groundwork for the modern sub continental state proposed and advocated in English by the native voices that influenced the formation of India's society. Merging culture politics language and literature this is a path breaking volume that adds much to our understanding of a nation that looks set to achieve much in the coming century. **INDIAN**

POETRY IN ENGLISH MITRA, ZINIA, 2016-07-01 Indian poets who wrote in English a small middle class minority were divided from the regional language poets by more than language for long. The English poets had a selected readership were known unto themselves in academic circles if they were widely published but were looked down upon with a kind of derision by regional writers. However the scenario has changed now. From English being spurned as a colonizer's tongue that was nobody's language it has now become everybody's language with English medium schools English movies ads soaps and serials. For a generation living in a global village genuine readership and appreciation of English poetry is no longer an encumbrance. This book in its second edition continues to educate the students with diverse and thought provoking essays that vary from personal to argumentative to objectively discursive. English literature and to those who are genuinely interested in Indian English poetry. The Fourteen poets selected in this anthology are Michael Madhusudan Dutt Toru Dutt Rabindranath Tagore Aurobindo Ghosh Sarojini Naidu Jibanananda Das Nissim Ezekiel Jayanta Mahapatra A K Ramanujan Arun Kolatkar Rajagopal Parthasarathy Kamala Das and Dilip Chitre. The poets included are all on the syllabi of major universities in India. **NEW TO THIS EDITION** The new edition has been thoroughly revised and updated as per the

Anglophone Indian Women Writers, 1870-1920 Ellen Brinks,2016-04-15 The result of extensive archival recovery work Ellen Brinks s study fills a significant gap in our understanding of women s literary history of the South Asian subcontinent under colonialism and of Indian women s contributions and responses to developing cultural and political nationalism As Brinks shows the invisibility of Anglophone Indian women writers cannot be explained simply as a matter of colonial marginalization or as a function of dominant theoretical approaches that reduce Indian women to the status of figures or tropes The received narrative that British imperialism in India was perpetuated with little cultural contact between the colonizers and the colonized population is complicated by writers such as Toru Dutt Krupabai Sathianadhan Pandita Ramabai Cornelia Sorabji and Sarojini Naidu All five women found large audiences for their literary works in India and in Great Britain and all five were also deeply rooted in and connected to both South Asian and Western cultures Their works created new zones of cultural contact and exchange that challenge postcolonial theory s tendencies towards abstract notions of the colonized women as passive and of English as a de facto instrument of cultural domination Brinks s close readings of these texts suggest new ways of reading a range of issues central to postcolonial studies the relationship of colonized women to the metropolitan literary culture Indian and English women s separate and joint engagements in reformist and nationalist struggles the translatability of culture the articulation strategies and complex negotiations of self identification of
