EASYUNI Ultimate University Guide 2015-2016 EasyUni, By the time you get your hands on this magazine, a wave of changes is expected to happen. Tension of the recent SPM exams would have plummeted as the holiday spirit envelops us, and while everything is bright and merry, some of you could be at the FACON Education Fair in KLCC this December, deciding which course to take whilst silently hoping you get aces on your actual SPM results, nagging thoughts you would rather muffle with the latest Star Wars movie or New Year's dinner party. Nerve-wracking, it is. Change is exciting. It's a cycle that all of us operate in, and that's totally fine, as I've been there too. Taking over the magazine with a fresh team of young writers was a tough experience, but it was a great opportunity to decide and flesh out new ideas. Thoughts of failing trouble our minds, but those are the very things that hinder us from growing. After having said that, I would encourage all of you to be a recipe for change. Don't be afraid to cook up some trouble. EASYUNI Ultimate University Guide 2013 easyuni sdn bhd, 2013-12-26 With this Guide, we've stayed committed to our vision of improving the way students and parents choose universities and courses. We have been doing this right from the beginning through our website www.easyuni.com. With a magazine like this, we have broadened the horizons of our exposure to more readers, be they students or parents who still find accessing online information somewhat challenging. For us, higher education should be accessible to all. Through this Guide, we are able to disseminate information on the choices available to all our readers on everything they need to know in selecting a university of their choice to further enhance their education. Similar to our online portal, easyuni Ultimate University Guide 2013 Issue 2 has a lot to share. Flip through the pages, and you will be engrossed by the amount of details that we have gathered for you in just one issue: tips, advice, interview with star students, and more. What's more, we plan to publish this Guide on a quarterly basis and can't wait to give you more. **Global University Rankings and the Mediatization of Higher Education**

Michelle Stack, 2016-04-12 Higher Education Institutions simultaneously critique and participate in national and international rankings of universities. However, this creates a difficult situation since if universities do participate in rankings, they acquiesce to a system based in media logics that has little to do with academic norms of research. If they do not participate in the rankings, they risk losing public funding. Students and donors in an increasingly competitive and globalized environment
