**Transformation of Higher Education Through Institutional Online Spaces** Taiwo, Rotimi, Idowu-Faith, Bimbola, Ajiboye, Simeon, 2023-07-11 The surge in the demand for higher education is closely connected with the liberalization and globalization of education Websites and social media have been chosen for promotional purposes for obvious reasons they are globally accessible For rapid communication of a significant amount of information virile institutional websites and social media spaces with promotional messages have become very important assets for higher institutions and their stakeholders Transformation of Higher Education Through Institutional Online Spaces presents multidisciplinary and interdisciplinary approaches to promotional discourses as presented on higher institution online spaces Covering topics such as brand building and marketing content marketing curriculum marketing digital marketing higher education digital marketing and higher education marketing campaigns this book is ideal for educational website managers educational institution managers public relations units researchers academicians practitioners instructors and students

**The College Conversation** Eric J. Furda, Jacques Steinberg, 2020-09-22 From an Ivy League dean and a college admissions expert a guide to help parents support their children as they navigate their way to college The College Conversation is a comprehensive resource for mapping the path through the college application process that provides practical advice and reassurance to keep both anxious parents and confused children sane and grounded Rather than adding to the existing canon of How to Get In college guides or rankings Eric Furda and Jacques Steinberg provide a step by step approach to having the tough conversations on this topic with less stress and more success The book is organized around key discussions and themes that trace the chronological arc of admissions and financial aid beginning before the assembly of a list of potential colleges and continuing through the receipt of decisions with a final section that includes advice on the first year of college The topics include preliminary conversations about the search and specifically how parents can think about their children s interests and what kind of college would best suit them choosing a college based on its curriculum culture and community writing the most effective essays assessing acceptances including considerations of finances and aid and making the transition from high school to college life The College Conversation will provide parents students and counselors with the credible level headed information often missing in this process as well as a much needed dash of perspective borne of experience

**The Psychology of Humor** Rod A. Martin, Thomas Ford, 2018-07-14 Most of us laugh at something funny multiple times during a typical day Humor serves multiple purposes and although there is a sizable and expanding research literature on the subject the research is spread in a variety of disciplines The Psychology of Humor 2e reviews the literature integrating research from across subdisciplines in psychology as well as related fields such as anthropology biology computer science linguistics sociology and more This book begins by defining humor and presenting theories of humor Later chapters cover cognitive processes involved in humor and the effects of humor on cognition Individual differences in personality and

humor are identified as well as the physiology of humor the social functions of humor and how humor develops and changes over the lifespan This book concludes noting the association of humor with physical and mental health and outlines applications of humor use in psychotherapy education and the workplace In addition to being fully updated with recent research the second edition includes a variety of new materials More graphs tables and figures now illustrate concepts processes and theories It provides new brief interviews with prominent humor scholars via text boxes The end of each chapter now includes a list of key concepts critical thinking questions and a list of resources for further reading Covers research on humor and laughter in every area of psychology Integrates research findings into a coherent conceptual framework Includes brain imaging studies evolutionary models and animal research Integrates related information from sociology linguistics neuroscience and anthropology Explores applications of humor in psychotherapy education and the workplace Provides new research plus key concepts and chapter summaries
