Corporate Risks and Leadership Eduardo E. Mariscotti, 2025-04-24 The context of business has been changing for companies in recent years and following numerous corporate and accounting scandals many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law Because of the existence of these new regulations the level of control the severity of sanctions by governments and the amount of fines for noncompliance have increased dramatically In parallel with the technological revolution in communications business management has become more transparent and any negative event is uploaded to social networks and shared with an indeterminate number of people This change in the regulatory sanctioning and technological context has forced large companies to rethink risks investments and budgets to deal with this more complex environment To transition to this change some companies have included ethics and compliance programs in their corporate agenda along with marketing and sales plans strategies growth targets investment plans and or talent acquisition While each industry has its particular risks in this book the author describes the essential elements that any effective ethics and compliance program should contain This book is a source of information that connects yesterday with today The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves This book covers theories of ethics but with an eye focused on practical application Risks ethics and compliance are analyzed with an overall vision

connected to the reality of business life without getting bogged down in abstract thinking or technical and regulatory details Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations Thus due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors it seems appropriate that executives get access to this book about risks ethics compliance and human resources directed not only to compliance experts but also to any organizational leader This second edition offers various examples to cultivate ethical thinking and behavior identify common risks and comprehend their adverse effects on organizations **InfoWorld**,1999-03-01 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects **Artificial Intelligence Applications Using ChatGPT in Education: Case Studies and Practices** Aslam, Muhammad Shahzad,Nisar, Saima,2023-08-29 In the realm of education the challenge lies in effectively utilizing Artificial Intelligence to transform medical learning Artificial Intelligence Applications Using ChatGPT in Education Case Studies and Practices authored by Muhammad Shahzad Aslam and Saima Nisar offers insights into this issue With expertise in Medical and Health Education and Health Informatics the authors explore AI s potential in reshaping medical education Traditional medical education struggles to keep up with expanding knowledge and evolving medical science leaving educators and students overwhelmed by vast information Ethical concerns such as plagiarism further complicate matters A solution is needed that blends technology with effective teaching Artificial Intelligence Applications Using ChatGPT in Education Case Studies and Practices proposes such a solution By harnessing ChatGPT s capabilities as an AI chatbot the book suggests a self guided learning tool Backed by case studies the authors demonstrate how ChatGPT can become a personalized tutor helping students grasp complex medical concepts at their own pace The book also delves into the ethical aspects of AI integration ensuring responsible use in academia **1001 Programming Resources** Edward J.
