How Credit Cards Work

Please read the sentences below. Then circle the correct answer for each question.

You can use a credit card to pay for a vacation, video games, or eating out. Credit cards allow you to make large purchases and pay them off over time. The credit card company lends you the money to buy things. This money must be repaid because it is borrowed. Every month, the credit card company sends a statement showing how much money needs to be paid.

Section one is **Account Holder**. This section includes information such as the card holder's name, address, and account number.

Name: When you apply for a credit card, the credit card company will review your credit score before giving you a credit card. Your credit score is based on your credit history. Your credit history shows whether you paid your bills and how much money you owe. The credit company may decide not to give you a credit card if you pay your bills late. The credit card company also wants to ensure that you have enough money to pay your credit card bill since a credit card is a loan. Example: Logan L. Lawson

Address: This field is the billing address of the credit card owner. The credit card company will have this information for all cardholders, including those enrolled in paperless billing. Paperless billing is when a person views their bill online rather than receiving a paper bill. Example: 321 Main Street, Apt 54, Adultville, FL 35331

Account Number: This field is the credit card account number, this number should not be shared. Example: 6789 4567 2345 0123

GMAT Reading Comprehension Manhattan Prep, 2014-12-02 The GMAT Reading Comprehension strategy guide empowers students to tackle puzzling questions about difficult reading passages on the GMAT. It teaches how to peel back layers of complicated wording to make sense of confusing content and find proof for the correct answer quickly. Unlike other guides that attempt to convey everything in a single tome, the GMAT Reading Comprehension strategy guide is designed to provide deep, focused coverage of one specialized area tested on the GMAT. As a result, students benefit from thorough and comprehensive subject material, clear explanations of fundamental principles, and step-by-step instructions of important techniques. In action practice problems and detailed answer explanations challenge the student, while topical sets of Official Guide problems provide the opportunity for further growth. Used by itself or with other Manhattan Prep Strategy Guides, the GMAT Reading Comprehension strategy guide will help students develop all the knowledge, skills, and strategic thinking necessary for success on the GMAT. Purchase of this book includes one year of access to Manhattan Prep's Reading Comprehension Question Bank. All of Manhattan Prep's GMAT Strategy Guides are aligned with the GMAC Official Guide 2016 edition.

Designing Second Language Performance Assessments John M. Norris, 1998 This volume focuses on the decision-making potential provided by second language performance assessments. The authors first situate performance assessment within a broader discussion of alternatives in language assessment and in educational assessment in general. They then discuss issues in performance assessment design, implementation, reliability, and validity. Finally, they present a prototype framework for second language performance assessment based on the integration of theoretical underpinnings and research findings from the task-based language teaching literature, the language testing literature, and the educational measurement literature. The authors outline test and item specifications and they present numerous examples of prototypical language tasks. They also propose a research agenda focusing on the operationalization of second language performance assessments.
