Intermittent Fasting for Beginners Dr John Morgan,2022-09-10 Intermittent fasting IF is a way of eating that cycles between times when you don t eat and times when you do It doesn t tell you what foods to eat but when you should eat them In this way it s not really a diet in the usual sense Instead it s more like a way of eating Some common ways to do intermittent fasting are to fast for 16 hours every day or for 24 hours twice a week People have been fasting since the beginning of time Hunter gatherers in the past didn t have grocery stores refrigerators or food that was available all year They didn t always have anything to eat Because of this people have become able to live without food for long periods of time In fact it s more natural to fast sometimes than to always eat 3 4 or more meals a day People in Islam Christianity Judaism Buddhism and other faiths often fast for religious or spiritual reasons *Intermittent Fasting for Novice* Gabriel

G,2023-04-08 Intermittent fasting is a new way of eating that has been gaining popularity in the last few years It is a way of eating that cycles between periods of fasting and eating Some people fast for 16 hours and others for 24 hours a day There is no single way to do intermittent fasting so you can find different fasting schedules that work for you The benefits of intermittent fasting include weight loss improved health and better mental health In addition intermittent fasting can help you maintain your weight loss after you lose it There are many different ways to do intermittent fasting so you can find one that works best for you One way to do intermittent fasting is to fast for 16 hours a day and eat for eight hours Another way to do intermittent fasting is to fast for 24 hours a day and eat for 12 hours There are many benefits to intermittent fasting so it is worth trying If you are interested in intermittent fasting you can find more information online or at your local health food store Like most people you probably don t think about fasting very often But there s a good reason for that Fasting is a pretty strange thing to do Most of us are used to eating food every few hours whether as a meal or a snack But fasting is different When you fast you stop eating completely The benefits of fasting are pretty obvious You lose weight have more energy and improve your mood and cognitive function But fasting isn t just for people who want to lose weight There are also a lot of benefits for people who are trying to improve their overall health Fasting can help you reduce your risk of heart disease cancer and diabetes It can also help you lose weight and improve your blood sugar levels **INTERMITTENT FASTING**
