*Selected Poems* Fernando Pessoa, 1972 Fernando Pessoa the great Portuguese poet and prose writer has become an icon not only in his native Portugal where his likeness once adorned a monetary note but also in France where he is revered in much the same way that Whitman is here Never before has such a comprehensive and beautifully translated edition of his poetry been available in English Richard Zenith has taken three of Pessoa's major heteronyms the poet's term for his numerous literary alter egos as well as the poetry Pessoa wrote as himself and created a volume of extraordinary emotional depth and poetic precision With an introduction that throws light on the work and on the elusive man himself Fernando Pessoa and Co is an important addition to world literature *Fernando Pessoa : The Bilingual Portuguese Poet* Anne Terlinden, 1990 The purpose of this book is to shed light on the rather unexplored English facet of Fernando Pessoa considered one of the major Portuguese poets of the twentieth century The originality of this study also lies in its extensive use of unpublished documents Out of the bulk of Pessoa's English writings *The Mad Fiddler* has been selected it offers not only poems of better quality than most of his writings in English but it also has the advantage of being a complete and coherent suite of mystical poems A systematic comparative study of the themes in *The Mad Fiddler* and in the poems by the four Portuguese heteronyms reveals a clearer continuity and shows that Pessoa's bilingual Poetry is based on his main ontological quest which he tried to solve by means of his dramatic scattering into masks After this comparative analysis the individuality of *The Mad Fiddler* is defined Following an overview of the unpublished English writings found in the Pessoaan legacy *The Mad Fiddler* is analysed by means of Pessoa's own unpublished comments An investigation of Pessoa's private French library and of his unpublished Literary Appreciations proves how fully he understood the impact of Symbolism on the evolution of Modern Art *The Mad Fiddler* could indeed be viewed as an English echo of Pessoa's interest in modern trends in Literature and as a kind of English microcosm of Pessoa's aesthetic theory **Character and Person** John Frow, 2014-04-17 Fictional character is an ontologically ambivalent category at once a formal construct and a quasi person which lies at the heart of the life of textual fictions of all kinds *Character and Person* explores that ambivalence by investigating not only the kinds of thing that character is but how it works to engage readers and the range of typologies through which it has been constructed in very different periods media and genres John Frow seeks to explore the ways in which character is person like and through that the question of what it means to be a social person His focus is thus on the interaction between its two major categories and its method involves a constant play back and forth between them from philosophical theories of face to an account of the mask in the New Comedy from an exploration of medieval beliefs about the body's existence in the afterlife to a reading of Dante's *Purgatorio* from the history of humoral medicine to the figure of the melancholic in Jacobean drama and from Proust and Pessoa to cognitive science What develops from this methodological commitment to fusing the categories of character and person is an extended analysis of the schemata that underpin each of them in their distinct but

mutually constitutive spheres of operation      *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1975      **The British Library General Catalogue of Printed Books to 1975** British Library, Judi Vernau, 1985

In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization

The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents

**Romantic Irony** sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams

**Romantic Drama** traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd

**Romantic Poetry** demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments

**Nonfictional Romantic Prose** assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism s own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume

**Romantic Prose Fiction** where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are

considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age *Academy, with which are Incorporated Literature and the English Review* ,1893 **American Book Publishing Record Cumulative, 1950-1977** R.R.
