The Art of Showing Up
Rachel Wilkerson Miller, 2020-06-25

When it comes to adult friendships we're woefully inept we barely manage to show up for our own commitments let alone maintain our relationships Even before self isolation we were experiencing a loneliness epidemic we communicate through texts and emojis and rear away in horror from an unsolicited phone call even if it's from our mum Flaking out on plans is routine both online and off The Art of Showing Up offers a roadmap through this morass to true connection with your friends family and yourself Rachel Wilkerson Miller teaches that showing up means connecting with others in a way that makes them feel seen and supported And that begins with showing up for yourself recognising your

needs understanding your physical and mental health and practising self compassion Only then can you better support other people witness their joy pain and true selves validate their experiences and help ease their burdens *How to Human* Carlos Whittaker,2023-01-24 A much needed reminder about what it means to be truly human in a world where people feel increasingly disconnected from each other and from God by the popular author of Enter Wild I hope you will enjoy this book But more than that I hope you will enjoy getting to know my friend He is exactly who we need today and every day as we all learn together how to human from the foreword by Sharon McMahon 1 New York Times bestselling author of The Small and the Mighty These are crazy times people We are more agitated than ever We re fighting Wrestling with big issues Less connected than ever to one another and to God It s a perfect storm debilitating anxiety crashing relationships and forgetting what it feels like to well be human In How to Human author speaker and social media personality Carlos Whittaker offers a fresh vision for becoming the best versions of ourselves We can refuse to let disagreements define us We can say no to becoming upset rage filled humans and say yes to fuller happier lives It begins as we make the shift from me to we to everybody in a three part journey to be human see fellow humans and free those around us You ll think laugh and be inspired by this practical guide which reveals how to help others how to hope fiercely and how to experience the thrill of being fully human Carlos describes a radical path of love one that requires us to become builders rather than demolitionists One that gets personal One that moves toward others in faith rather than away in fear One that when times get crazy is willing to get crazier in a good way One that understands the big joy of how to human **The Feminist Agenda** Connie Riker, Equality was a lie dominance is destiny Rise or kneel Why beg for equality when you were born to rule Tired of men s fragile egos poisoning your world Ready to purge the patriarchy and claim what s rightfully yours Expose the weakness of male biology and why they deserve extinction Weaponize state power to erase men s rights legally financially permanently Turn abortion into a sacrament of liberation and male erasure Dominate family courts to rewrite parenthood as a female only privilege Crush boys futures by indoctrinating them into subservience Monetize male guilt to fund your lavish man free utopia Normalize misandry as justice and gaslight critics into silence Replace husbands with the state and make men pay for it If you want to dismantle the patriarchy brick by brick enslave male labor and ascend as humanity s supreme gender buy this book today The future is female and it s time to burn what s left of theirs **How to Be a Capitalist Without Any Capital** Nathan Latka,2019-03-07 You don t need to be university educated have money be creative or even have an idea to get rich You just need to be willing to break the rules How to be a Capitalist Without Any Capital will teach you how to be a modern opportunist investor entrepreneur or side hustler by breaking these four golden rules of the old guard 1 Focus on one skill Wrong Don t cultivate one great skill to get ahead In today s business world success goes to the multitaskers 2 Be unique Wrong The way to get rich is not by launching a new idea but by aggressively copying others and then adding your own twist 3 Focus on one goal Wrong Focus instead on creating a system to produce the outcome you want not just once but over and
