James Wells,2003 **Tao of Philosophy** Alan Watts,1999-10-15 The Tao of Philosophy is a literary adaptation of talks
selected to introduce the new Love of Wisdom series by Alan Watts to today s audiences The following chapters provide rich
examples of the way in which the philosophy of the Tao is as contemporary today as it was when it flourished in China
thousands of years ago Perhaps most significantly these selections offer modern society a clearer understanding of what it
will take for a successful reintegration of humans in nature *Philosophy on Fieldwork* Nils Bubandt,Thomas Schwarz
Wentzer,2022-07-29 How do we teach analysis in anthropology and other field based sciences How can we engage
analytically and interrogatively with philosophical ideas and concepts in our fieldwork And how can students learn to engage
critical ideas from philosophy to better understand the worlds they study *Philosophy on Fieldwork* provides show don t tell
answers to these questions In twenty six master class chapters philosophy meets anthropological critique as leading
anthropologists introduce the thinking of one foundational philosopher from a variety of Western traditions and beyond and
apply this critically to an ethnographic case Nils Bubandt Thomas Schwarz Wentzer and the contributors to this volume
reveal how the encounter between philosophy and fieldwork is fertile ground for analytical insight to emerge Equally the
philosophical concepts employed are critically explored for their potential to be thought otherwise through their frictional
encounter with the worlds in the field allowing non Western and non elite life experience and ontologies to speak back to
both anthropology and philosophy This is a unique and concrete guidebook to social analysis It answers the critical need for a
how to textbook in fieldwork based analysis as each chapter demonstrates how the ideas of a specific philosopher can be
interrogatively applied to a concrete analytical case study The straightforward pedagogy of *Philosophy on Fieldwork* makes
this an accessible volume and a must read for both students and seasoned fieldworkers interested in exploring the
contentious middle ground between philosophy and anthropology *Bibliographic Guide to East Asian Studies* New York
Public Library Staff,1996-07 An aid for reseaching non western cultures the *Bibliographic Guide to East Asian Studies* covers
