Aesthetics as Space Ossi Naukkarinen, 2020-05-04 A living environment that is perceived as aesthetically pleasant improves our quality of life and we continuously assess the world we live in from this point of view How things look sound and feel clearly makes a difference Are the surrounding objects views people user interfaces and buildings beautiful ugly handsome or elegant In addition to assessing our surroundings we prefer doing and making things in such a way as to promote aesthetic appeal We comb our hair we furnish and decorate we tune up our social media profiles and we create art for aesthetic reasons Aesthetic values guide our choices and decisions when we are shopping dining at the table spending our time on holiday voting in the polling booth or choosing a spouse But what actually is aesthetics Where and how does it exist Is everybody's taste as good as anybody's How does aesthetics relate to beauty or art How are the current megatrends such as digitalization molding aesthetics Aesthetics as Space explores the aesthetic aspects of our life in the 21st century and addresses the question above along with many others There is no all encompassing 21st century aesthetics rather it is a multi dimensional space of competing interpretations and ideas This book gives the reader tools for understanding these different approaches

Aesthetics David

Goldblatt, Lee B. Brown, 2016-09-16 As with previous editions the new *Aesthetics A Reader in Philosophy of the Arts* uses classic and contemporary readings of leading philosophers of the arts This Third Edition includes more than a dozen new essays either written or adapted especially for this volume Containing more than 90 essays in total the new edition offers generous choices for class readings thus minimizing supplementary material needed for required assignments and independent research In keeping with earlier editions the Third Edition is a large collection of essays most comparatively brief and organized first by groupings of art forms and then by general essays about the arts It attempts to keep pace with theorizing about those art forms not traditionally covered in most books on aesthetics like the jazz rock comics video games and even the aesthetics of junkyards There is then an emphasis on the popular and mass arts and everyday aesthetics as well as on time honored problems in philosophy of the arts This edition which contains contributions by both analytic and continental philosophers expands upon offerings in non Western art and aesthetics Finally although intended to keep pace with topics and issues currently debated instructors and students will find in a special section key classic texts
