Philosophy Of Civilization Volume 1:

The Philosophy of Civilization Jan Helenus Ferguson, 1889 The Restoration of Albert Schweitzer's Ethical Vision Predrag Cicovacki, 2012-04-26 In 1913 Albert Schweitzer 1875 1965 left his internationally renowned career as a theologian philosopher and organ player to open a hospital in the jungles of Africa There he developed in theory and practice his ethics of reverence for life When he published his most important philosophical work *The Philosophy of Civilization* few people were serious about treating animals with dignity and giving any consideration to environmental issues Schweitzer's urge was heard but not fully appreciated One hundred years later we are in a better position to do it Predrag Cicovacki's book is a call to restore Schweitzer's vision After critically and systematically discussing the most important aspects of the ethics of reverence for life Cicovacki argues that the restoration of Schweitzer does not mean the restoration of any particular doctrine It means summoning enough courage to reverse the deadly course of our civilization And it also means establishing a way of life that stimulates striving toward what is the best and highest in human beings **A Historical-developmental Study of Classical Indian Philosophy of Morals** Rajendra Prasad, 2009 Contributed articles Philosophia Ultima Charles Woodruff Shields, 2009-05-05 With our American Philosophy and Religion series Applewood reissues many primary sources published throughout American history Through these books scholars interpreters students and non academics alike can see the thoughts and beliefs of Americans who came before us **The Philosophy of Civilization, Part 1-2** Albert Schweitzer, 2013-10 This is a new release of the original 1959 edition *Sage Philosophy* Henry Odera Oruka, 2022-06-08 Sage Philosophy is an anthology of three main parts Part one contains papers by Odera Oruka clearing the way and arguing about his research over the last decade on indigenous sages in Kenya Part Two introduces verbatim interviews with a given number of those sages while Part Three consists of published papers by scholars who are critics or commentators on the Oruka project The author has spent the last decade in Kenya carrying out his research It is the general stand of the book that the sages turn out to be thinkers or philosophers in no trivial sense despite their lack of modern formal education This study is a critique for all those scholars who hitherto have found no practice of critical philosophy in traditional Africa *An Anthology of Philosophy in Persia, Vol. 1* S.
