Concert Tickets Deal Returns:

Ticket touting Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee, 2008-01-10 Surveys the whole ticket market attitudes to secondary selling the scale of the secondary market legislation relevant to secondary selling and what the industries have done to tackle touting The Committee agrees with the Department for Culture Media and Sport that regulatory intervention should only be introduced as a last resort *Ticket Brokerage* United States. Congress. Senate. Committee on Interstate Commerce, 1898 *The Musical Standard* , 1866 1989 Returns for Organizations Exempt from Income Tax United States. Internal Revenue Service, 1990 Music Trade Indicator , 1925 *The American Annual Cyclopædia and Register of Important Events of the Year ...* , 1873 **The American Annual Cyclopedia and Register of Important Events of the Year ...** , 1873 Railway News, Finance and Joint-stock Companies' Journal , 1893 *The Regeneration of the Greenwich Peninsula* Great Britain. National Audit Office, 2008 This report is a follow up to the NAO s 2005 report on the Regeneration of the Millennium Dome and associated land HC 178 session 2004 05 ISBN 9780102931662 The 2005 report examined the process for selling the Millennium Dome and associated land and the resulting deal and concluded that the resulting deal offered an integrated solution for the regeneration of the Greenwich Peninsula and offered the Government a sensible exit strategy from the Dome The development is still at an early stage and faces inherent risks and challenges which mean it is only possible to come to firm conclusions about early progress compared to the initial plans rather than on the longer term outcomes The report finds that The Dome has become a highly successful entertainment venue and a beacon for a new community on the Peninsula The wider redevelopment of the surrounding land has been less successful Some commercial and educational developments are underway earlier than planned initially The delivery of new housing has however fallen behind schedule It will be difficult for the housing programme to recover the lost ground to meet original targets because the rate of building required to do so is very demanding As a consequence of these delays the taxpayer s likely return from the redevelopment has fallen significantly The structure of the deal means that the delays have affected the taxpayer more than the private sector The Government should consider whether future deals can be structured to align better the interests of the public and private sectors **The Musical Record** , 1882 The Success of Acquisitions Steven N. Kaplan, Michael S. Weisbach, 1990 This paper studies a sample of large acquisitions completed between 1971 and 1982 By the end of 1989 acquirers have divested almost 44% of the target companies Using the accounting gain or loss recognized by the acquirer press reports and the sale price we characterize the ex post success of the divested acquisitions and consider only 34% to 50% of classified divestitures as unsuccessful Acquirer returns and total acquirer and target returns at the acquisition announcement are significantly lower for unsuccessful acquisitions than for divestitures not classified as unsuccessful and for acquisitions not divested These results suggest that market reactions to acquisition announcements reflect expectations of future profits and that

unprofitable acquisitions are recognized as such when initiated Diversifying acquisitions are almost four times more likely to be divested than related acquisitions However we do not find strong evidence that diversifying acquisitions were less successful than related ones **Appletons' Annual Cyclopedia and Register of Important Events** ,1886
