industry Valuable information and secrets for effective and healthy weight loss and a fit and attractive body Metabolic adjustment and maintenance of weight loss The crucial role of hormonal optimization Myths and illusions that have sabotaged your previous weight loss attempts Implementing modern motivational methods Remember the goal a fit and healthy body There s a story behind the FIT ME book It s hard for me to describe why one person s pain and struggle with obesity had such an impact on me All I know is that it did and that my own life took a different path as a result I was on my way home after a busy day standing in the corner store trying to remember what I was meant to buy for the kids As I called home to ask What did you say I had to buy I heard the beep of someone calling me I ll call you right back someone s calling me It was a call from an unknown number Even though I had had a busy day I still answered the phone Hello FM Personal Trainer how can I help you Hi I need help Please I could hear the sadness and despair in the voice This was someone who really needed help He says he has to lose weight and needs to see me immediately It s late and I try to schedule for another day but he insists and I can hear from his tone that he can t stand much delay So I agree and start driving to the indicated location He tells me that he ll wait in front of his house and I won t miss him because he s so large I call home again I ll be there later a new client has appeared and I hear the displeasure in my wife s voice When I reach the destination I can see he was right he is large He s also young probably less than 20 There are only two steps in front of the house and he s struggling to climb them holding the door frame tightly to pull himself in Let s call him Joe Joe starts to tell me his story He lists the multitude of diets he has tried and the failed attempts to exercise I understand him I was like this once Finally he tells me resignedly It s genetic there s nothing I can do I think I have to live with it Before I can contradict him his mother comes into the room carrying a stack of beautifully washed and ironed shirts which she puts carefully into a bag saying I have prepared your work clothes for tomorrow Then with a gentle smile she says to me He inherited it from me I have morbid obesity She gives me the list of problems that she has She can t even stand for long and spends most of her time sitting in a wheelchair I am curious about the shirts and ask what work Joe is doing I pack vegetables but because I sweat a lot I have to change every 2 hours otherwise I get cold I really can t afford to get sick and stay at home I have two younger brothers who go to school and there s my mom who is sick So I have to work I use five T shirts a day but it s okay I m used to it I completely forget about the busy day and my fatigue I start pouring out information that will help him lose weight I want to I have to help him I begin to explain one after the other all the mistakes he has made how he lost muscle mass through starvation why he does not lose weight even if he eats very little the role of hormones why diets are not effective the health benefits of losing weight but then I realize this is way too much information all at once All right here s what we ll do Tell me what you like to eat and I ll create a nutritional plan for you From tomorrow you will start to eat as we planned and gradually I will explain to you everything you need to know so that for the rest of your life you ll understand the principles of a fit and healthy body I see the hope in his eyes and a determination to succeed even if he doesn t yet understand much about what he should do He s

confident again and I can feel his excitement Suddenly the sadness returns The problem is that from next week we move to another city The company I work for has seasonal vegetable warehouses and the vegetable season here will end this week I really want to do this but it looks like I m going to fail again before I start How many weeks of counselling should I have with you and how much does it cost I know a personal trainer is quite expensive and I don t know if I try to stop him This is not about money He insists and takes cash from his pocket to pay me but I really can t take the money I literally can t I feel like I need some fresh air I say goodbye in a hurry I get in the car and I actually feel overwhelmed by sadness compassion but also admiration for his determination to take on responsibilities for his family and to keep looking for a solution for his own health problems He s got to make it he s got to do it I promise myself I ll do everything I can to help him and find a way to advise him even if he s far away I get home and the kids are all over me wanting to know why I am late I can t talk about it So that s how it started That night I worked to sort out his nutritional plan and to find a solution for the future From the next day he started eating according to my nutritional plan And I started writing every night chapter after chapter covering absolutely everything that he needed to know to get results He left the city and at the end of every week I sent him a new chapter I was working during the day doing workouts and providing nutritional advice as usual but I couldn t wait to get home so I could write some more After the first month he had lost a good few pounds and his self confidence had grown enormously He started posting pictures of himself His previous profile picture was of a wild horse After almost three months he had dropped multiple clothing sizes and was increasing the intensity of his exercises He sent me a message Guess what I have a girlfriend I knew how much it meant to him and I was so happy He d lost some weight his clothes fitted him but this is what was really important his self esteem and self confidence were growing and he was making a huge difference to his overall health Meanwhile his willpower and determination to stick to the nutritional plan and the training programme despite being so far from me his personal trainer inspired me to write my first book on nutrition and training I collected all the chapters I had written and linked and improved them even adding demonstration videos with workouts that could easily be done at home I wouldn t have thought of writing a book before but sometimes when you believe you are inspiring and helping someone else you actually get inspired and help yourself I sent Joe the first copy of my book and can only thank him for allowing me to meet him and help him Today I want to share with you everything I wrote over this time I know that if you are like Joe you can learn everything you need from my book and you can apply it wherever you are I d be so happy to add you to my list of distance clients who have had impressive results Florin Mihai Personal Trainer *Keto Diet Guide and Balanced Weight Loss* Sweet Smart Books,2021-06-14 Weight loss is a common goal shared by thousands of people all across the globe You are certainly not alone in this Yet everyone is looking for a quick fix or a one size fits all formula Truth be told this will get you nowhere Keto Diet Guide and Balanced Weight Loss focuses on several of the best diets at your fingertips taking a good look at the keto diet and other forms of weight loss to suit different needs Each person s body is different Therefore different

Tools Of Titans Timothy Ferriss,2016-12-06 The latest groundbreaking tome from Tim Ferriss the 1 New York Times best
selling author of The 4 Hour Workweek From the author For the last two years I've interviewed more than 200 world class
performers for my podcast The Tim Ferriss Show The guests range from super celebs Jamie Foxx Arnold Schwarzenegger etc
and athletes icons of powerlifting gymnastics surfing etc to legendary Special Operations commanders and black market
biochemists For most of my guests it's the first time they've agreed to a two to three hour interview This unusual depth has
helped make The Tim Ferriss Show the first business interview podcast to pass 100 million downloads This book contains the
distilled tools tactics and inside baseball you won't find anywhere else It also includes new tips from past guests and life
lessons from new guests you haven't met What makes the show different is a relentless focus on actionable details This is
reflected in the questions For example What do these people do in the first sixty minutes of each morning What do their
workout routines look like and why What books have they gifted most to other people What are the biggest wastes of time for
novices in their field What supplements do they take on a daily basis I don't view myself as an interviewer I view myself as an
experimenter If I can't test something and replicate results in the messy reality of everyday life I'm not interested Everything
within these pages has been vetted explored and applied to my own life in some fashion I've used dozens of the tactics and
philosophies in high stakes negotiations high risk environments or large business dealings The lessons have made me
millions of dollars and saved me years of wasted effort and frustration I created this book my ultimate notebook of high
