An expert in management takes on the conventional wisdom about disruption looking at companies that proved resilient and offering managers tools for survival Disruption is a business buzzword that has gotten out of control Today everything and everyone seem to be characterized as disruptive or if they aren t disruptive yet it s only a matter of time before they become so In this book Joshua Gans cuts through the chatter to focus on disruption in its initial use as a business term identifying new ways to understand it and suggesting new tools to manage it Almost twenty years ago Clayton Christensen popularized the term in his book *The Innovator s Dilemma* writing of disruption as a set of risks that established firms face Since then few have closely examined his account Gans does so in this book He looks at companies that have proven resilient and those that have fallen and explains why some companies have successfully managed disruption Fujifilm and Canon for example and why some like Blockbuster and Encyclopedia Britannica have not Departing from the conventional wisdom Gans identifies two kinds of disruption demand side when successful firms focus on their main customers and underestimate market entrants with innovations that target niche demands and supply side when firms focused on developing existing competencies become incapable of developing new ones Gans describes the full range of actions business leaders can take to deal with each type of disruption from self disrupting independent internal units to tightly integrated product development But therein lies the disruption dilemma A firm cannot practice both independence and integration at once Gans shows business leaders how to choose their strategy so their firms can deal with disruption while continuing to innovate *Streampunks* Robert Kyncl, Maany Peyvan,2017-09-05 An entertainment and tech insider YouTube s chief business officer delivers the first detailed account of the rise of YouTube the creative minds who have capitalized on it to become pop culture stars and how

streaming video is revolutionizing the media world In the past ten years the internet video platform YouTube has changed media and entertainment as profoundly as the invention of film radio and television did more than six decades earlier Streampunks is a firsthand account of this upstart company examining how it evolved and where it will take us next Sharing behind the scenes stories of YouTube s most influential stars Streampunks like Tyler Oakley Lilly Singh and Casey Neistat and the dealmakers brokering the future of entertainment like Scooter Braun and Shane Smith Robert Kyncl uses his experiences at three of the most innovative media companies HBO Netflix and YouTube to tell the story of streaming video and this modern pop culture juggernaut Collaborating with Google speechwriter Maany Peyvan Kyncl explains how the new rules of entertainment are being written and how and why the media landscape is radically changing while giving aspiring Streampunks some necessary advice to launch their own new media careers Kyncl persuasively argues that despite concerns about technology impoverishing artists or undermining artistic quality the new media revolution is actually fueling a creative boom and leading to more compelling diverse and immersive content Enlightening surprising and thoroughly entertaining Streampunks is a revelatory ride through the new media rebellion that is reshaping our world **More Grammar to Get**

Things Done Darren Crovitz,Michelle D. Devereaux,2019-10-21 CO PUBLISHED BY ROUTLEDGE AND THE NATIONAL COUNCIL OF TEACHERS OF ENGLISH Complementing Crovitz and Devereaux s successful Grammar to Get Things Done this book demystifies grammar in context and offers day by day guides for teaching ten grammar concepts giving teachers a model and vocabulary for discussing grammar in real ways with their students Through applied practice in real world contexts the authors explain how to develop students mastery of grammar and answer difficult questions about usage demonstrating how grammar acts as a tool for specific purposes in students lives Accessibly written and organized the book provides ten adaptable activity guides for each concept illustrating instruction from a use based perspective Middle and high school preservice and inservice English teachers will gain confidence in their own grammar knowledge and learn how to teach grammar in ways that are uniquely accessible and purposeful for students **One Simple Idea for Franchises,**
