Laughing @ Data.Com Martyn Richard Jones, 2025-08-23 Because the IT industry oh my days it's rammed to the gills with nonsense You've got snake oil salesmen techno pontificators and swaggering consultants who talk about data as the new bacon like they've discovered fire They show up with their glossy slides their buzzwords and their massive invoices and everyone just nods along terrified they're the only one who doesn't understand what cloud native synergistic data fabric means Spoiler alert no one knows Not even them So in this book I'm going to help you spot the cobblers from the credible the guff from the gold Because buried amongst the jargon believe it or not there actually are some little nuggets of sense like tiny glimmers of reason peeking out from a mountain of project management faff And when you find them when you really get one of those moments where you go Ahh That's why nothing works well it's almost beautiful in a tragic Kafka on a laptop kind of way Now there's a story told by the advertising legend Dave Trott who let's face it probably knows more about getting people to believe rubbish than anyone else alive And he tells this tale about two blokes in a jungle And they hear a tiger Not the usual thing you get in the UK admittedly unless you're wandering through a dodgy theme park Anyway one bloke starts putting on running shoes The other one aghast goes What are you doing You can't outrun a tiger And the first bloke goes I don't have to outrun the tiger mate I just have to outrun you
