Market-Leading Companies with Responsible Innovation Hemant Taneja, Kevin Maney, 2022-01-25 WALL STREET JOURNAL

BESTSELLER A pioneering venture capitalist provides an actionable framework for founders and executives to create innovative enduring companies built for growth and for societal good The Milton Friedman philosophy that companies exist only to increase shareholder value is dead and buried The old Silicon Valley tenets of move fast and break things minimum viable products and hyper engagement at any cost must be replaced with new principles for an era of responsible innovation We can no longer manage businesses solely for growth With innovation comes responsibility to generate returns beyond profits and to recenter technology as a force for good in the world This requires a shift in the way organizations approach and value work A company's mindset its intent to do good avoid harmful consequences and innovate responsibly is not enough That mindset must be supported by a business model a mechanism that leaders must intentionally and proactively build along with the company from the ground up one that incentivizes and rewards the organization for fulfilling its intentions Companies need a new set of KCIs or key consequence indicators that measure factors such as its impact on customers energy consumption whether its product is being used equally across socioeconomic groups or if it is actually solving the social problem it is addressing Not only is this the right thing to do increasingly it is what customers employees and shareholders demand of business In this inspiring practical and actionable guide Hemant Taneja lays out the argument for why a new model of company building and leadership is necessary and how it can lead to better performance explores why social good businesses are some of the greatest opportunities today detailing examples of billion dollar startups that are addressing inequality climate change systemic societal problems and chronic disease all while generating profit and positive shareholder returns presents a topic by topic road map that addresses business models artificial intelligence ethical growth culture governance and good citizenship Intended Consequences is designed as the ultimate playbook for founders entrepreneurs leadership teams and investors on how to build and maintain a responsible innovation company
