This revision reflects the disruption to the marketing field based on social media. A major revision from the sixth edition, it includes many new topics as dictated by changes in e-marketing practice in the past two years. Three important Appendices include internet adoption statistics, a thorough glossary, and book references.

NEW Students get a broader look at social media as it is now integrated throughout the book instead of confined to one chapter.

NEW Chapters 12, 13, and 14 were completely rewritten to reflect the move from traditional marketing communication tools to the way practitioners currently describe IMC: online, owned, paid, and earned media.

NEW Readers see examples of many new and interesting technologies that are today providing marketing opportunities both in the Web 2.0 and 3.0 sections.

NEW The chapter opening vignettes continue to play an important role in illustrating key points. Two new vignettes and new discussion questions about each chapter opening vignette are included.
